The career of Susan Glaspell

(1876-1948) follows closely the trajectory of other "reclaimed" American women writers of the century such as Kate Chopin, Charlotte Perkins Gilman, and Zora Neale Hurston: well known in her time, effaced from canonical consideration after her death, rediscovered years later through the surfacing of one work around which critical attention has focused. Glaspell, a contemporary of Eugene O'Neill, was a respected international playwright and novelist who amassed some of the most impressive credentials in American theater history, including the Pulitzer Prize

in 1931. Over the past fifteen years, she has been rediscovered through the work of leading feminist scholars, and her one-act play *Trifles* and its short story form, "A Jury of Her Peers", have become classics. *Susan Glaspell: Essays on Her Theater and Fiction* is the first collection devoted to the body of Glaspell's work. The book provides an array of perspectives on the writer and her art and features the first complete Glaspell bibliography, including references to original reviews of Glaspell's plays and fiction and recent critical studies of her

Richard Stoddert Ewell is  
best known as the  
Confederate General selected  
by Robert E. Lee to replace

of the Second Corps in the  
Army of Northern Virginia.  
Ewell is also remembered as

the Battle of Gettysburg. Many historians believe that Ewell's inaction cost the Confederates a victory in this seminal battle and, ultimately, cost the Civil War. During his long military career, Ewell was never an aggressive warrior. He graduated from West Point and served in the Indian wars in Oklahoma, Kansas, New Mexico, and Arizona. In 1861 he resigned his commission in the U.S. Army and rushed to the Confederate standard. Ewell saw action at First Manassas and took up divisional command under Jackson in the Shenandoah Valley Campaign and in the Seven Days'

Battles around Richmond. A crippling wound and a leg amputation soon compounded the persistent manic-depressive disorder that had hindered his ability to make difficult decisions on the battlefield. When Lee reorganized the Army of Northern Virginia in May of 1863, Ewell was promoted to lieutenant general. At the same time he married a widowed first cousin who came to dominate his life -- often to the disgust of his subordinate officers -- and he became heavily influenced by the wave of religious fervor that was then sweeping through the Confederate Army. Confederate General R.S. Ewell, Paul D. Casdorph offers a fresh portrait of a major -- but deeply flawed -- figure in the Confederate war effort, examining the pattern of hesitancy and indecisiveness that characterized Ewell's entire military career. This definitive biography probes the crucial question of why Lee selected such an obviously inconsistent and unreliable commander to lead one-third of his army on the eve of the Gettysburg Campaign. Casdorph describes Ewell's intriguing life and career with penetrating insights into his loyalty to the Confederate cause and

the Virginia ties that kept him in Lee's favor for much of the war. Complete with riveting descriptions of key battles, Ewell's biography is essential reading for Civil War historians.
