The Essentials Edition of AMERICAN GOVERNMENT: INSTITUTIONS AND POLICIES is a clear and approachable text for students trying to successfully understand American government. It sets the standard for examining current issues in American politics, focusing on the importance of American governmental institutions, the historical development of governmental procedures and policies as well as on who governs in the United States and to what ends. The sixteenth edition includes concise learning objectives, highlighted key concepts and opportunities for practical application of contemporary debates on policy dynamics. These features allow students to identify important issues in American politics, maximize comprehension and engage with the material in a meaningful way. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

AMERICAN GOVERNMENT: INSTITUTIONS AND POLICIES: THE ESSENTIALS is a clear and approachable text for students trying to successfully understand American government. It sets the standard for examining current issues in American politics focusing on the importance of American governmental institutions, the historical development of governmental procedures and policies, and who governs in the United States and to what ends. It includes concise learning objectives, highlighted key concepts, and opportunities for practical application of contemporary debates on policy dynamics. These features allow students to identify important issues in American politics, maximize comprehension, and engage with the material in a meaningful way. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Essentials preserves the structure of the main text but replaces the policy chapters with one brief chapter on the policymaking process. See the entry for Wilson/Dilulio, American Government: Institutions and Policies, Eleventh Edition, for more information. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

American government is not just one story—it ' s many stories. Our stories. And they are still being told. In American Government: Stories of a Nation, author Scott Abernathy tunes in to the voices of America ' s people, showing how diverse ideas throughout our nation ' s history have shaped our political institutions, our identities, the way we participate and behave, the laws we live by, and the challenges we face. His storytelling approach brings the core concepts of government to life, making them meaningful and memorable, and allowing all students to see themselves reflected in the pages. For the new Brief Edition, Abernathy has carefully condensed and updated the content from the Full version, giving you the information you need--and the stories you can relate to--in a more concise, value-oriented package.

Acclaimed for the scholarship of its prominent authors and the clarity of its narrative, AMERICAN GOVERNMENT: THE ESSENTIALS focuses on three fundamental topics: the importance of institutions of American government; the historical development of governmental procedures, actors, and policies; and who governs in the United States and to what ends. The policymaking process and politics of policy are discussed in Chapter 1, and new Policy Dynamics: Inside/Outside the Box features integrate policy coverage throughout

the text without the extra length of domestic and foreign policy chapters. Features such as learning objectives, Constitutional Connections relating current issues to founding principles, and How Things Work boxes illustrating important processes, help you organize your study and master the book's key concepts. The state-of-the-art media package available for this text provides online tools that help you interact with the material to prepare for class, study for exams, and succeed. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Wilson/Dilulio/Bose/Levendusky's AMERICAN GOVERNMENT: INSTITUTIONS AND POLICIES, ENHANCED, 16th Edition, combines excellent scholarship with practical examples and insight to give you a clear understanding of the U.S. government. The authors highlight current issues in American politics, focusing on the importance of governmental institutions, the historical development of procedures and policies as well as on who governs in the U.S. and to what ends. Up-to-date coverage includes changes during the Trump administration and results of the 2018 midterm elections. Links to contemporary debates on policy dynamics give you the opportunity to identify important issues in American politics, apply what you learn and maximize your comprehension. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Essentials of American Politics is an undergraduate text with a novel analytical and comparative focus. It takes as a central theme the increasing tension in American politics between a general philosophy of limited government and particular public demands for more and better government programs and services. While this has always been a feature of the American polity, recent events have brought it into sharp focus. Both a Republican Congress and Democratic president extol the virtues of less government but continue to grapple with demands for improved education, health care, transportation and almost every other area of social and economic life. All praise the virtues of lower taxation and at the same time promise improvements in the quality of public services. A similar tension applies in the courts, in state politics and indeed throughout the system. Recent successes such as a balanced budget have been achieved in part because the limited government philosophy has been on the ascendant and has won support from all shades of political opinion. But conflicts over the distributional questions of who gets what has hardly subsided. In few other democracies is this tension as well defined as in the United States and Essentials reminds readers of this fact through comparison with democratic processes in other countries, and in particular with European countries. Essentials weaves this theme into a discussion of American national politics. Up to date and well organized chapters are devoted to beliefs and values, the Constitution, federalism, Congress, presidency, the federal bureaucracy, interest groups and the courts. Policy chapters include economic, social and foreign affairs. In all chapters the analytical approach explains to students some of the main controversies in American political science. At all times Essentials seeks to impart basic information on American politics in an analytical but stimulating manner. Features: Concise format of 17 chapters that cover institutions, behavior and policy arenas. Theme of American's general philosophy of limited government versus our particular demands for expanded government programs and services. Rich, comparative examples (Britain, Canada, and Mexico versus U.S.) throughout the book's narrative.

Acclaimed for the scholarship of its prominent authors and the clarity of its narrative, AMERICAN GOVERNMENT: THE ESSENTIALS preserves the structure of the main text but replaces the policy chapters with one brief chapter on the policymaking process while maintaining focus on three fundamental topics: the importance of institutions of American

government; the historical development of governmental procedures, actors, and policies; and who governs in the United States and to what ends. Student involvement in the material is bolstered by proven pedagogical features such as learning objectives, Who Governs? and To What Ends? questions framing each chapter, and How Things Work boxes that illustrate important concepts. A state-of-the-art media package with new online tools makes the learning experience engaging and accessible. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Our American Government textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of American Government interesting and accessible to students while maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project.
