This is a long-awaited collaboration between the the 74 year-old King and 55 year-old Clapton. In many ways it is more of a King album than it is a Clapton one, his presence is so strong and dominant and Clapton's respect is such that he almost takes too much of a back seat at times.

This first recorded pairing between the 74-year-old King and the 55-year-old Clapton was put together in the most obvious way: Clapton arranged the session using many of his regular musicians, picked the songs, and co-produced with his partner Simon Climie.

B.B. is the undisputed King of the Blues, and I wondered how well he and Eric Clapton would mesh. But then, I heard "Come Rain or Come Shine" on the radio, and I was hooked (some times, I think it is impossible for someone to do a bad job with this song). The title, "Riding With the King" kinda lets us know who is the Boss here.

From the Yardbirds to Cream, Blind Faith to Derek and the Dominos, and a hugely-successful solo career, Eric Clapton's fifty years in the music business can look like an uninterrupted rise to become one of the greatest guitar players who ever lived. But his story is as complicated as it is fascinating. Clapton's god-like skill with a guitar was matched by an almost equal talent for self-destruction. He has never shied away from telling the truth about his battles with drink and drugs - or the sometimes catastrophic impact they had on the other people in his life, including his first wife Pattie Boyd. And without those deep

personal lows we may never have had the musical highs that won him millions of fans. His story is also one of a long but successful road to sobriety, redemption and happiness. *Motherless Child* chronicles Clapton's remarkable journey: the music, the women, the drugs, the cars, the guitars, the heartbreak and the triumphs are all here. The book includes interviews with some people close to Clapton who have never spoken on the record before. It explores his musical legacy as one of the most influential musicians of his generation, and as the keeper of the flame for the blues.

B. B. King has the blues running through his blood. Growing up in the rural poverty of the Mississippi Delta, King first experienced the blues at nine years old, when his mother passed away. The man of the house before the end of his first decade, he used this strife as a source of inspiration and launched one of the most celebrated musical careers in American history. King has led a remarkable life, and this riveting autobiography dramatizes his whirlwind adventures from the Memphis of the forties to the Moscow of the nineties with unflinching candor and sincerity. But most of all, B.B.'s story is the story of the blues—the evolution from country acoustic to urban electric, the birth and explosion of rock 'n' roll—and B.B.'s own long, but ultimately triumphant, struggle for crossover success, during which he remained unwaveringly true to the music of his heart.

first time, Eric tells the story of his personal and professional journeys in this pungent, witty and painfully honest autobiography. These are the memoirs of a survivor, someone who has reached the pinnacle of success, who has had it all, but whose demons have never left him. Eric tells his story as it is, hiding nothing, with a directness and searing honesty that will make this book one of the most compelling memoirs of our time."

Winner, 2016 the Belmont Book Award, Sponsored by the International Country Music Conference For more than forty years, Guy Clark wrote and recorded unforgettable songs. His lyrics and melodies paint indelible portraits of the people, places, and experiences that shaped him. He has served as model, mentor, supporter, and friend to at least two generations of the world's most talented and influential singer-songwriters. In songs like "Desperados Waiting for a Train," "L.A. Freeway," "She Ain't Going Nowhere," and "Texas 1947," Clark's poetic mastery has given voice to a vision of life, love, and trouble that has resonated not only with fans of Americana music, but also with the prominent artists—including Johnny Cash, Ricky Skaggs, Jerry Jeff Walker, and others—who have recorded and performed Clark's music. Now, in *Without Getting Killed or Caught: The Life and Music of Guy Clark*, writer, producer, and music industry insider Tamara Saviano chronicles the story of this legendary artist from her unique vantage point as his former publicist and producer of the Grammy-nominated album *This One's for Him: A Tribute to Guy Clark*. Part memoir, part biography, Saviano's skillfully constructed narrative weaves together the extraordinary songs, larger-than-life characters, previously untold stories, and riveting emotions that make up the life of this modern-day poet and troubadour.

For over five decades, Eric Clapton has ranked among rock's premiere guitarists—and since the early 1980s, famed music photographer Gene Shaw has been capturing great moments from Slowhand's electrifying career. More than 150 of Shaw's rare color and black-and-white photographs offer a front-row fan's perspective on many legendary musical events. Highlights include Clapton's performance at the 1983 ARMS benefit; the 1992 show with Elton John at Shea Stadium; the 2005 Cream reunions at the Royal Albert Hall and Madison Square Garden; several appearances at the Rock and Roll Hall of Fame induction ceremonies; and the current Crossroads Guitar Festivals. Shaw provides a commentary on each show, recapturing the emotionally charged moods of venues ranging from small clubs and theaters to vast stadiums and arenas. Notes on the performances include a partial band lineup and complete set list. This unique retrospective includes an Introduction by Rolling Stone writer Anthony DeCurtis and a Foreword by John "Crash" Matos, artist and designer of some of Clapton's signature guitars.

despite the inevitable tensions and tragedies which are implicit in the lives of Black artists who, like B.B., have to fight wave after wave of bigotry and discrimination regardless of how talented they happen to be.' --Gordon Parks

The first full and authoritative biography of an American—indeed a world-wide—musical and cultural legend “ No one worked harder than B.B. No one inspired more up-and-coming artists. No one did more to spread the gospel of the blues. ” —President Barack Obama “ He is without a doubt the most important artist the blues has ever produced. ” —Eric Clapton Riley “ Blues Boy ” King (1925-2015) was born into deep poverty in Jim Crow Mississippi. Wrenched away from his sharecropper father, B.B. lost his mother at age ten, leaving him more or less alone. Music became his emancipation from exhausting toil in the fields. Inspired by a local minister ’ s guitar and by the records of Blind Lemon Jefferson and T-Bone Walker, encouraged by his cousin, the established blues man Bukka White, B.B. taught his guitar to sing in the unique solo style that, along with his relentless work ethic and humanity, became his trademark. In turn, generations of artists claimed him as inspiration, from Jimi Hendrix and Eric Clapton to Carlos Santana and the Edge. King of the Blues presents the vibrant life and times of a trailblazing giant. Witness to dark prejudice and lynching in his youth, B.B. performed incessantly (some 15,000 concerts in 90 countries over nearly 60 years)—in some real way his means of escaping his past. Several of his concerts, including his landmark gig at Chicago ’ s Cook County Jail, endure in legend to this day. His career roller-coasted between adulation and relegation, but he always rose back up. At the same time, his story reveals the many ways record companies took advantage of artists, especially those
