Moreover, you're also going to experience firsthand things most people will never know about effective diet and training, including how to perform key exercises with perfect form, ensure you keep progressing in your workouts, break through fat loss and muscle gain plateaus, prevent ...

If you want to be muscular, lean, and strong as quickly as possible without steroids, good genetics, or wasting ridiculous amounts of time in the gym and money on supplements...then you want to read this book. Here's the deal: Getting into awesome shape isn't nearly as complicated as the fitness industry wants you to believe. You don't need to spend hundreds of dollars per month on the worthless supplements that steroid freaks sell in advertisements. You don't need to constantly change up your exercise routines to "confuse" your muscles. I'm pretty sure muscles lack cognitive abilities, but this approach is a good way to just confuse you instead. You don't need to burn through buckets of protein powder every month, stuffing down enough protein each day to feed a third world village. You don't need to toil away in the gym for a couple of hours per day, doing tons of sets, supersets, drop sets, giant sets, etc. (As a matter of fact, this is a great way to stunt gains and get nowhere.) You don't need to grind out hours and hours of boring cardio to shed ugly belly fat and love handles and get a shredded six-pack. (How many flabby treadmillers have you come across over the years?) You don't need to completely abstain from "cheat" foods while getting down to single-digit body fat percentages. If you plan cheat meals correctly, you can actually speed your metabolism up and accelerate fat loss. In this book you're going to learn something most guys will never know: The exact formula of exercise and eating that makes putting on 10 to 15 pounds of quality lean mass a breeze...and it only takes 8-12 weeks. This book reveals secrets like... The 6 biggest myths and mistakes of building muscle that stunt 99% of guys' muscle gains. (These BS lies are pushed by all the big magazines and even by many trainers.) How to get a lean, cut physique that you love (and that girls drool over) by spending no more than 5 percent of your time each day. The 4 laws of muscle growth that, when applied, turn your body into an anabolic, muscle-building machine. You'll be shocked at how easy it really is to get big once you know what you're doing... How to develop a lightning-fast metabolism that burns up fat quickly and leaves you feeling full of energy all day long. The carefully-selected exercises that deliver MAXIMUM results for your efforts, helping you build a big, full chest, a wide, tapered back, and bulging biceps. A no-BS guide to supplements that will save you hundreds if not THOUSANDS of dollars each year that you would've wasted on products that are nothing more than bunk science and marketing hype. How to get shredded while still indulging in the "cheat" foods that you love every week like pasta, pizza, and ice cream. And a whole lot more! The bottom line is you CAN achieve that "Hollywood hunk" body without having your life revolve around it--no long hours in the gym, no starving yourself, no grueling cardio that turns your stomach. Imagine, just 12 weeks from now, being constantly complimented on how you look and asked what the heck you're doing to make such startling gains. Imagine enjoying the added benefits of high energy levels, no aches and pains, better spirits, and knowing that you're getting healthier every day. SPECIAL BONUS

Bigger Leaner Stronger: The Simple Science of Building the Ultimate Male Body By Michael Matthews

If you want to build muscle, lose fat, and look great as quickly as possible without steroids, good genetics, or wasting ridiculous amounts of time in the gym and money on supplements...then you want to read this book.

This book has helped thousands of women build their best bodies ever. Will YOU be next? If you want to be muscular, lean, and strong as quickly as possible without crash dieting, good genetics, or wasting ridiculous amounts of time in the gym . . . you want to read this book Here's the deal: Building lean muscle and burning fat isn't as complicated as the fitness industry wants you to believe. This book is the shortcut. You don't need to: Spend hundreds of dollars per month on the worthless supplements, "detoxes," or "skinny teas." Most pills and powders do absolutely nothing. You don't need to: Constantly change up your workout routine to get lean, defined muscles. It's much simpler than that. You don't need to: Waste a couple of hours in the gym every day grinding through grueling workouts. In fact, this is a great way to get nowhere. You don't need to: Slog away at boring cardio to shed ugly belly, hip, and thigh fat. In fact, you probably don't have to do any cardio to get the body you really want. You don't need to: Obsess over "clean eating" and avoiding "unhealthy" foods to get fit. Instead, you can get the body you want eating the foods you love. Those are just a few of the harmful lies and myths that keep gals from ever achieving the lean, toned, sexy, and healthy bodies they truly desire. And in this book you're going to learn something most guys will never know . . . The exact formula of exercise and eating that makes losing 10 to 15 pounds of fat while building lean, sexy muscle a breeze . . . and it only takes 8 to 12 weeks. Here are just a few of the things you're going to discover in this book: The 10 biggest fat loss and muscle-building myths and mistakes that keep women overweight, weak, and frustrated. The 3 scientific laws of lean muscle growth and fat loss that literally force your body to get fitter, leaner, and stronger. You'll be shocked at how easy it really is to build lean muscle and lose fat once you know what you're doing. How to create flexible diet plans that help you transform your body composition eating the foods you love—without ever feeling starved, deprived, or like you're "on a diet." A paint-by-numbers training system that will help you add lean muscle to all the right places and get sexy, athletic curves . . . spending no more than three to six hours in the gym every week . . . doing challenging, fun workouts you enjoy. A no-BS guide to supplements that will show you what works and what doesn't, saving you hundreds if not THOUSANDS of dollars each year. And a whole lot more! Imagine . . . just 12 weeks from now . . . being constantly complimented on how great you look and asked how the heck you're doing it . . . Imagine enjoying the added benefits of high energy levels, no aches and pains, better spirits, and knowing that you're getting healthier every day . . . The bottom line is you CAN get that "Hollywood babe" body without following boring, bland "bodybuilder" diets or living in the gym. This book shows you how. SPECIAL BONUSES FOR READERS With this fitness book, you'll also get a FREE 56-page reference guide with all of the book's key takeaways, a year's worth of Bigger Leaner Stronger workouts, 10 premade meal plans for cutting and lean bulking, and more! So, scroll up, click the "Buy" button now, and begin your journey to a bigger, leaner, and stronger you!

No matter how stuck you feel, no matter how bad you think your genetics are, and no matter how many "advanced" diets and workout programs you've tried and abandoned . . . you absolutely, positively can shatter muscle and strength plateaus, set new personal records, and build your best body ever. And better yet, you can do it without following restrictive or exotic diets, putting in long hours at the gym, or doing crushing workouts that leave you aching from tip to tail. This book shows you how. Here are just a few of the things you'll discover in it: · How to almost instantly optimize your environment so you need less willpower to stay on track with your diet, training, supplementation, and wellness routines. · The nitty-gritty details about how to use advanced diet strategies like mini-cuts, intermittent fasting, and calorie cycling to immediately boost muscle growth and fat loss. · The little-known and unorthodox methods of determining how big and strong you can get with your genetics, according to the hard work of two highly respected fitness researchers. · A paint-by-numbers training system that'll get you unstuck and steadily gaining muscle again in all the right places . . . spending only 4 to 6 hours in the gym every week doing challenging and fun workouts you actually enjoy. · The ancient secret of anatomy discovered by Leonardo da Vinci that gives you a simple blueprint for developing the exact proportions that literally make you look like a Greek god—a big, full chest; wide, tapered back; thick, powerful legs; and strong, bulging arms. · A no-BS guide to "sophisticated" supplements that'll show you what works and what doesn't, saving you hundreds if not thousands of dollars each year on exotic pills, powders, and potions. · And a whole lot more! The bottom line is you CAN gain real muscle and strength again, look forward to your workouts again, and feel like your fitness is finally under control again.

If you want to build muscle, lose fat, and look great as quickly as possible without steroids, good genetics, or wasting ridiculous amounts of time in the gym and money on supplements ... regardless of your age ... then you want to read this book.

This program has helped thousands of women build their best bodies ever. Will YOU be next? What if you could build that hot "Hollywood body" without having your life revolve around it? stronger you!

If you want to build muscle and lose fat easily, effectively, and rapidly...and if you'd like to rid yourself of all kinds of bad advice and habits that are making getting into great shape much harder than it should be...then you need to read this book. Let me ask you a question. Do any of the following claims sound familiar? "I have bad genetics--I just can't build muscle or lose fat easily." "You have to work your abs more to get a six-pack." "When doing cardio, you want your heart rate in the 'fat burning zone.'" "Don't eat carbohydrates--they make you fat." "Don't eat at night if you want to lose weight." "If you wait too long in between meals, your body goes into 'starvation mode' and you will mess up your metabolism." "I'm overweight because I have a slow metabolism." You've probably heard one or more of these statements before, and the sad truth is lies like these have ruined many people's fitness ambitions. Thanks to the overwhelming amount of fitness pseudo-science and lies being pushed on us every day by bogus magazines and self-styled "gurus," it's becoming harder and harder to get in shape. Muscle Myths was written to debunk the most commonplace and harmful gimmicks, fads, myths, and misinformation in the health and fitness industry. And unlike other books that just offer endless opinions, the advice in this book is backed up by over 300 citations of scientific literature, and real-world results. Make no mistake: this isn't a book about exercise and diet theory. This book is full of practical, results-driven advice that will help you reach your fitness goals easier and faster. Here are just some of the things you'll learn in this book: Why you don't have to completely cut out carbs or fat, or eat weird combinations of food to lose weight. The truth about supplements and why 99% of them are a complete waste of money (and the few that are actually scientifically proven to work). The truth about the effects of fasting and the "starvation mode" myth. Yup, it's a myth, and you may even want to incorporate some fasting into your meal schedule. Why eating a substantial amount of carbohydrates every day won't make you fat as some "experts" claim, but why going low-carb can be beneficial for some. The scientific secrets of getting a six-pack. Forget 6-minute gimmicks, doing endless crunches, and hours of grueling cardio--it's actually pretty easy when you know what you're doing. Training and diet methods that will completely shatter any perceived "genetic barriers" that you think are holding you back from building muscle or losing weight. What you need to know about alcohol and its effects on your fat loss and muscle growth. (Hint: It's not nearly as bad as some people claim, and you don't have to totally abstain if you know what you're doing!) And much more. This book will save you the money, time, and frustration of falling into the traps of misleading diets, workout programs, and products, and teach you how to finally start seeing real results with your diet and exercise. **SPECIAL BONUS FOR READERS!** With this book you'll also get a free 52-page bonus report from the author called "Muscle Meals: 15 Recipes for Building Muscle, Getting Lean, and Staying Healthy." In this free bonus report, you'll find 15 fast, healthy, and tasty meals that will help you build muscle or lose weight, regardless of your current skills. Scroll up and click the "Buy" button now to learn the no-BS truth of how to look good and feel great without having to endure tortuously restrictive diets or long, grueling exercise routines.

If you want to know how to build muscle and burn fat by eating delicious vegetarian and vegan meals that are easy to cook and easy on your wallet, then you want to read this book. Let me ask you a few questions. Do you worry that building muscle or losing fat is too hard as a vegetarian or vegan? Are you not sure of how to prepare food that is not only delicious and healthy but also effective in helping you build muscle and lose fat? Are you afraid that cooking nutritious, restaurant-quality meals is too time-consuming and expensive? Do you think that following a vegetarian or vegan lifestyle means having to force down the same boring, bland food every day? If you answered "yes" to any of those questions, don't worry—you're not alone. And this book is the answer. With it, you can cook fast, healthy, and tasty vegetarian and vegan meals every day (and on a reasonable budget) that will help you build muscle or lose weight, regardless of your current skills. In this book, you're also going to learn how to eat right without having to obsess over every calorie. These 9 scientifically proven rules for eating are the foundation of every great physique and can be , and they have nothing to do with following weird diets or depriving yourself of everything that tastes good. And the recipes themselves? In this book you'll find 100 healthy, flavorful recipes specifically designed for vegetarians and vegans that want to build muscle or lose fat. Regardless of your fitness goals, this book has got you covered. Here's a "sneak peek" of the recipes you'll find inside: 20 fast, delicious breakfast recipes (13 vegetarian and 7 vegan), including Berry Cheesecake Muffins, Red Pepper & Goat Cheese Frittata, Tempeh Hash, PB&J Oatmeal, Tex-Mex Tofu Breakfast Tacos, Healthy French Toast, and more. 20 mouthwatering entrees (10 vegan and 10 vegetarian), including Raw Almond Flaxseed Burgers, Greek Pasta Salad, Eggplant Parmesan, Seven Layer Bean Pie, Tofu Puttanesca, High Protein Mac & Cheese, and more. 20 savory side dishes (18 vegan and 2 vegetarian), including Carrot Fries, Cranberry Apricot Squash, Quinoa & Smoked Tofu Salad, Sherry-Asiago Cream Brussels Sprouts, Three Bean Salad, Greek Potatoes, and more. 20 awesome snack recipes (5 vegetarian and 15 vegan), including Maple Pumpkin Protein Bars, Protein Parfait, Blueberry Banana Oat Cakes, Chocolate Black Bean Energy Bars, Baked Kale Chips, No-Bake Almond Protein Bars, Homemade Applesauce, and more. 10 hearty, healthy protein shake recipes (8 vegetarian and 2 vegan), including Double Chocolate Protein Smoothie, Pumpkin Delight, Cherry Vanilla Protein Smoothie, Blueberry Flax Smoothie, and more. 10 delectable desserts (6 vegetarian and 4 vegan), including Banana Caramel Bread Pudding, No-Bake Vanilla Cake, Protein Peach Surprise, Blackberry Parfait, and more. **SPECIAL BONUS FOR READERS** With this book, you'll also get a free spreadsheet that lists every recipe in the book along with their calories, protein, carbs, and fats! Chances are you're going to want to use the recipes to plan out your daily meals, and this spreadsheet makes it a simple matter of copy and pasting! Scroll up and click the "Buy" button now and learn how to cook nutritious, delicious vegetarian and vegan meals that make building muscle and burning fat easy and enjoyable!
