Caribou, or reindeer, are hoofed herbivores that live in the tundra habitat. Standing 5 feet at the shoulder and weighing up to 700 pounds, these large animals have specially adapted to their harsh living conditions. In this educational book, readers will discover how caribou have evolved to survive in the tundra. They'll learn about how caribou stay warm, what they eat, and why they migrate. Vibrant photographs bring the information to life, adding interest to the informative material.

Take a trip in a sip, a journey through time and place via the cocktail glass. The libations in this intoxicating collection span some 200 years, from Europe to the Far East, and they're the drinks with the best tales to tell. Because--without a backstory--a cocktail is nothing more than spirits and mixers. But spike that drink with an anecdote about the people, places, and circumstances that influenced its creation, and imbibers are instantly transported. Step into a British officer's club in 1920s Burma to try the Pegu Club, disembark in colonial Bermuda to sample the original Dark & Stormy, or join F. Scott Fitzgerald and Cole Porter at The Ritz Hotel in Paris for a Royal Highball, among the many spirited adventures between these covers. The book itself is like a classic cocktail, with its iconic, vintage appeal. Mixed media illustrations by award-winning Danish artist Poul Lange feature vintage bottle labels, postcards, and magazine images. The illustrations are matched with simple recipes and deeply researched backstories for a new look at the world's most iconic cocktails. More than a sum of its parts, *Storied Sips* is a book about living the good life, treating oneself to a dash of civilized escapism at the end of a busy day. Truly, there's nothing like a cocktail to strip away the dullness of the mundane, gilding an evening with a heightened glow, or adding cultured flair to a get-together with friends. Organized from light-bodied quenchers to rich, complex warmers, *Storied Sips* makes it easy to find cocktail inspiration any time of the year. [REVIEWS FoodRepublic.com](#) says: "Author Erica Duecy chronicles 200 years of tending bar and the resulting book of tales are a must-read for any cocktail aficionado." "Like many other drink books, this one has cocktails along with their stories and recipes. Yet unlike others, this tiny book and its alluring collage-based illustrations is able to transport you to another time, a different era. In just a page or two the writer paints vivid pictures that allow you to hear the music of that moment, smell the smoke in that bar she's speaking of. It's a little magical."

- Maureen Petrosky, [www.thekitchn.com](http://www.thekitchn.com) The Village Voice quips: "Other than luxury real estate catalogs that stir-up serious home-envy, I can't recall reading another book that so made me want to immediately sell my "cozy, charming" apartment and buy a damn house. Why? I need kitchen cabinet space to collect the vintage barware and vessels in which the drinks in this book deserve to be served. Duecy, a first time author and deputy editor of Fodor's Travel website, recaptures the glamour of classic cocktails by succinctly sharing the exotic, historical origin of each drink, seducing you to immediately take stock of your liquor cabinet and make a grocery list of what's missing."

This book proposes a revisionist approach to democratic politics. Yaron Ezrahi focuses on the creative unconscious collective imagination that generates ever-changing visions of legitimate power and authority, which compete for enactment and institutionalization in the political arena. If, in the past, political authority was grounded in fictions such as the divine right of kings, the laws of nature, historical determinism and scientism, today the space of democratic politics is filled with multiple alternative social imaginaries of the desirable political order. Exposure to electronic mass media has made contemporary democratic publics more aware that credible popular fictions have greater impact on shaping our political realities than do rational social choices or moral arguments. The pressing political question in contemporary democracy is, therefore, how to select and enact political fictions that promote peace and how to found the political order on checks and balances between alternative political imaginaries of freedom and justice.

A comprehensive introduction to designing services according to the needs of the customer or participants, this book addresses a new and emerging field of design and the disciplines that feed and result from it. Despite its intrinsic multidisciplinary nature, service design is a new specialization of design in its own right. Responding to the challenges of and providing holistic, creative and innovative solutions to increasingly complex contemporary societies, service design now represents an integrative and advanced culture of design. All over the world new design studios are defining their practice as service design while long established design and innovation consultancies are increasingly embracing service design as a key capacity within their offering. Divided into two parts to allow for specific reader requirements, Service Design starts by focusing on main service design concepts and critical aspects. Part II offers a methodological overview and practical tools for the service design learner, and highlights fundamental capacities the service design student must master. Combined with a number of interviews and case studies from leading service designers, this is a comprehensive, informative exploration of this exciting new area of design.

Ahn E. Sook stood alone among thousands of kneeling people. Her bold defiance of the tyrannical demand to bow to pagan Japanese shrines condemned her to a living death in the filth and degradation of a Japanese prison. This brave woman remained faithful to Christ in the face of brutality, oppression, and ruthlessness of her captors. The story of how she won many of her fellow prisoners to Christ in the most deplorable conditions is an inspiration to all.

Explains how to reduce inheritance taxes, and discusses insurance, irrevocable trusts, exemptions, charity, and estate taxes

It's taken a long time for me to feel like a normal teenager. But now that I'm settled in a new school, where people know me as more than Charlotte Silver of the infamous Silver family paranormal investigators, it feels like everything is falling into place. And what better way to be normal than to go on a date with a popular football star like Harris Abbott? After all, it's not as if Noah is anything more than a friend... But my new life takes a disturbing turn when Harris brings me to a party and we play a game called One Hundred Candles. It seems like harmless, ghostly fun. Until spirits unleashed by the game start showing up at school. Now my friends and family are in very real danger, and the door that I've opened into another realm may yield deadly consequences.
