Los Angeles Times, Publishers Weekly, Slate, Time Out New York, Vulture, Refinery 29, and many more . . . A provocative meditation on race, Claudia Rankine's long-awaited follow up to her groundbreaking book Don't Let Me Be Lonely: An American Lyric. Claudia Rankine's bold new book recounts mounting racial aggressions in ongoing encounters in twenty-first-century daily life and in the media. Some of these encounters are slights, seeming slips of the tongue, and some are intentional offensives in the classroom, at the supermarket, at home, on the tennis court with Serena Williams and the soccer field with Zinedine Zidane, online, on TV- everywhere, all the time. The accumulative stresses come to bear on a person's ability to speak, perform, and stay alive. Our addressability is tied to the state of our belonging, Rankine argues, as are our

assumptions and expectations of citizenship. In essay, image, and poetry, *Citizen* is a powerful testament to the individual and collective effects of racism in our contemporary, often named "post-race" society.

WINNER OF THE LOS ANGELES TIMES BOOK PRIZE FOR POETRY WINNER OF THE NATIONAL BOOK CRITICS CIRCLE AWARD FOR POETRY In this moving, critical and fiercely intelligent collection of prose poems, Claudia Rankine examines the experience of race and racism in Western society through sharp vignettes of everyday discrimination and prejudice, and longer meditations on the violence - whether linguistic or physical - which has impacted the lives of Serena Williams, Zinedine Zidane, Mark Duggan and others. Awarded the National Book Critics Circle Award for Poetry in America after becoming the first book in the prize's history to be a finalist in both the poetry and criticism categories, *Citizen* weaves essays, images and poetry together to form a powerful testament to the individual and collective effects of racism in an ostensibly "post-race" society.

photography and visual art, virtuosically deployed. Don't Let Me Be Lonely is Rankine's meditation on the self bewildered by race riots, terrorism, medicated depression and television's ubiquitous influence. Written during George W. Bush's presidency in an America still reeling from the 9/11 attacks and charging headlong into war in Iraq, this is an early 21st-century work of great wit, intelligence and depth of feeling, with urgent lessons for the present."

A searing, poetic riff on race in America, fusing prose, poetry, movement, music, and the visual image. Snapshots, vignettes, on the acts of everyday racism. Some of these encounters are slights, seeming slips of the tongue, and some are intentional offensives in the classroom, at the supermarket, at home, on the tennis court with Serena Williams, online, on TV—everywhere, all the time. Those did-that-really-just-happen-did-they-really-just-say-that slurs that happen every day and enrage in the moment and later steep poisonously in the mind. And, of course, those larger incidents that become national or international firestorms. As Rankine writes, "This is how you are a citizen."

Claudia Rankine's *Citizen* changed the conversation—*Just Us* urges all of us into it. As everyday white supremacy becomes increasingly vocalized with no clear answers

at hand, how best might we approach one another? Claudia Rankine, without telling us what to do, urges us to begin the discussions that might open pathways through this divisive and stuck moment in American history. *Just Us* is an invitation to discover what it takes to stay in the room together, even and especially in breaching the silence, guilt, and violence that follow direct addresses of whiteness. Rankine's questions disrupt the false comfort of our culture's liminal and private spaces—the airport, the theater, the dinner party, the voting booth—where neutrality and politeness live on the surface of differing commitments, beliefs, and prejudices as our public and private lives intersect. This brilliant arrangement of essays, poems, and images includes the voices and rebuttals of others: white men in first class responding to, and with, their white male privilege; a friend's explanation of her infuriating behavior at a play; and women confronting the political currency of dying their hair blond, all running alongside fact-checked notes and commentary that complements Rankine's own text, complicating notions of authority and who gets the last word. Sometimes wry, often vulnerable, and always prescient, *Just Us* is Rankine's most intimate work, less interested in being right than in being true, being together.

A play about the imagined fault line between

black and white lives by Claudia Rankine, the author of *Citizen: The White Card* stages a conversation that is both informed and derailed by the black/white American drama. The scenes in this one-act play, for all the characters' disagreements, stalemates, and seeming impasses, explore what happens if one is willing to stay in the room when it is painful to bear the pressure to listen and the obligation to respond. –from the introduction by Claudia Rankine

Claudia Rankine's first published play, *The White Card*, poses the essential question: Can American society progress if whiteness remains invisible? Composed of two scenes, the play opens with a dinner party thrown by Virginia and Charles, an influential Manhattan couple, for the up-and-coming artist Charlotte. Their conversation about art and representations of race spirals toward the devastation of Virginia and Charles's intentions. One year later, the second scene brings Charlotte and Charles into the artist's studio, and their confrontation raises both the stakes and the questions of what—and who—is actually on display. Rankine's *The White Card* is a moving and revelatory distillation of racial divisions as experienced in the white spaces of the living room, the art gallery, the theater, and the imagination itself.

'Challenging Misrepresentations of Black Womanhood' investigates the stereotyping of

## Access Free Citizen An American Lyric

Black womanhood and the larger sociological impact on Black women's self-perceptions. It details the historical and contemporary use of stereotypes against Black women and how Black women work to challenge and dispel false perceptions, and highlights the role of racist ideas in the reproduction and promotion of stereotypes of Black femaleness in media, literature, artificial intelligence and the perceptions of the general public. Contributors in this collection identify the racists and sexist ideologies behind the misperceptions of Black womanhood and illuminate twenty-first-century stereotypical treatment of Black women such as Michelle Obama and Serena Williams, and explore topics such as comedic expressions of Black motherhood, representations of Black women in television dramas and literature, and identity reclamation and self-determination. The five sections of the book provide a brief historical overall of the long-standing use of stereotypes used against Black women; explore the systematic attack on Black motherhood and how Black mothers use self-determination to thrive; investigate treatments of Black womanhood in media, television and literature; examine the political impact of stereotyped frameworks used for deconstructing Black female public figures; and discuss self-affirmation and identity reclamation among Africana women. 'Challenging Misrepresentations of Black Womanhood' establishes the criteria with

which to examine the role of stereotypes in the lives of Black females and, more specifically, its impact on their social and psychological well-being.

The collected works of Adrienne Rich, whose poetry is "distinguished by an unswerving progressive vision and a dazzling, empathic ferocity" (New York Times). A Finalist for the 2017 Pulitzer Prize in Poetry. Adrienne Rich was the singular voice of her generation and one of our most important American poets. She brought discussions of gender, race, and class to the forefront of poetical discourse, pushing formal boundaries and consistently examining both self and society. This collected volume traces the evolution of her poetry, from her earliest work, which was formally exact and decorous, to her later work, which became increasingly radical in both its free-verse form and feminist and political content. The entire body of her poetry is on display in this vast volume, including the National Book Award-winning *Diving Into the Wreck* and her prize-winning *Atlas of the Difficult World*. The *Collected Poems of Adrienne Rich* gathers and memorializes all of her boldly political, formally ambitious, thoughtful, and lucid work, the whole of which makes her one of the most prolific and influential poets of our time.

## Access Free Citizen An American Lyric

Rankine is a fiercely gifted young poet. Intelligence, a curiosity and hunger for understanding like some worrying, interior, physical pain, a gift for being alert in the world. She knows when to bless and to curse, to wonder and to judge, and she doesn't flinch. NOTHING IN NATURE IS PRIVATE is an arrival. It's the kind of book that makes you hopeful for American poetry."—Robert Hass "I am excited by Claudia Rankine's poems, their elegance, their emotional force, their scrupulous intimation of multiple identities. Representing brilliantly the prismatic vision of a Jamaican, middle class, intellectual black woman living in America, they address the widest constituency of readers. This is a richly rewarding collection."—Mervyn Morris
