This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. The art and science of compensation practice. Strategic Compensation: A Human Resource Management Approach illustrates the art and science of compensation practice and its role in promoting a company's competitive advantage. The seventh edition was thoroughly revised, and now includes current statistics and a new chapter offering the latest information to compensation professionals.

Compensation: Theory, Evidence, and Strategic Implications provides a comprehensive, research-based review of both the determinants and effects of compensation. Combining theory and research from a variety of disciplines, authors Barry Gerhart and Sara L. Rynes examine the three major compensation decisions-pay level, pay structure, and pay delivery systems. provides a comprehensive, research-based review of both the determinants and effects of compensation. Combining theory and research from a variety of disciplines, authors Barry Gerhart and Sara L. Rynes examine the three major compensation decisions-pay level, pay structure, and pay delivery systems. Primarily intended for graduate students in human resource management, psychology, and organizational behavior courses, this book is also an invaluable reference for compensation management consultants and organizational development specialists.

"Pay for performance" has become a buzzword for the 1990s, as U.S. organizations seek ways to boost employee productivity. The new emphasis on performance appraisal and merit pay calls for a thorough examination of their effectiveness. Pay for Performance is the best resource to date on the issues of whether these concepts work and how they can be applied most effectively in the workplace. This important book looks at performance appraisal and pay practices in the private sector and describes whether--and how--private industry experience is relevant to federal pay reform. It focuses on the needs of the federal government, exploring how the federal pay system evolved; available evidence on federal employee attitudes toward their work, their pay, and their reputation with the public; and the complicating and pervasive factor of politics.

Find your next career with **COMPARATIVE HEALTH INFORMATION MANAGEMENT, 4e**. Updated for the fourth edition, this book explores a variety of professional settings where opportunities abound, including hospitals, ambulatory clinics and medical offices, veterinary practices, home health, long-term care, and correctional facilities, as well as emerging practice areas in consulting and cancer registry. Focused on the challenges of managing and protecting the flow of information across sites, chapters introduce the health care system today, and then delve into specifics of the many HIM roles available to you, enhancing discussions with key terms, self-test questions, web links, and more to add meaning to concepts. Additional features include realistic case studies to help you solve problems, and new "Professional Spotlight" vignettes for an inside view of actual professionals in their HIM careers. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Best selling title. Takes a three-pronged approach to compensation by focusing on theory, research, and practice. The 13th edition continues to emphasize the importance of total compensation and its relevance for achieving sustainable competitive advantage.

This second edition offers a comprehensive coverage of employee performance and reward, presenting the material in a conceptually integrated way.

The Law of Journalism and Mass Communication, Sixth Edition, by Robert Trager, Susan Dente Ross, and Amy Reynolds offers a clear and engaging introduction to media law with comprehensive coverage and analysis of key cases for future journalists and media professionals. You are introduced to key legal issues at the start of each chapter, building your critical thinking skills before progressing to real-world landmark cases that demonstrate how media law is applied today. Contemporary examples, emerging legal topics, international issues, and cutting-edge research all help you to retain and apply principles of media law in practice. The thoroughly revised Sixth Edition has been reorganized and shortened to 12 chapters, streamlining the content and offering instructors more opportunities for classroom activities. This edition also goes beyond the judiciary—including discussions of tweets and public protests, alcohol ads in university newspapers, global data privacy and cybersecurity, libel on the internet, and free speech on college campuses—to show how the law affects the ways mass communication works and how people perceive and receive that work.
