Goodchild addresses how dreams, synchronicities, UFO/ET encounters, Crop Circle mysteries, and NDEs all point to the new unfolding vision of reality. She draws on ancient mystery traditions to explore how this metamorphosis is already reflected cross-culturally in Hopi,

Aztec, Mayan, Hindu, Tibetan, Maori, Zulu, Dogon, and Egyptian cultures. Songlines of the Soul proposes a new paradigm of reality, a new worldview. The signatures of this new reality are arising both in our own experiences and all around us if only we can stretch wide our stubbornly held perceptions of what is

File Type PDF

Crop Circles

Reality. As we stand at a crucial turning point in our human history, this book offers hope, a call to awaken and expand our perceptions of the fundamental principles that orchestrate reality.

In an age when the answers offered by governments and traditional religion are no longer sufficient, the quest for meaning

File Type PDF

Crop Circles

must—as it always has in the past—arise first through visions, dreams, and journeys to other dimensions of consciousness.

We tie the weaknesses of our knowledge with the tight knots of our truths. The idea of a psyche within and the world outside us is so evident and true that,

File Type PDF

Crop Circles

from a tight knot, it became part of the fabric of our knowledge.

Put in other words, our belief in separation and independence of psyche and matter is so natural and immediate that resists situations that challenge its veracity.

These situations, in turn, held on to us and became new knots that are now part of our

File Type PDF

Crop Circles

fabric of knowledge.

We must face our fear  
of not knowing,

loosening such knots in  
order to enrich with new

motifs the composition  
of this fabric, which

insists in opening up  
and expanding. The

phenomenon of

synchronicity and the

discoveries of quantum

physics compel us to re-

evaluate our scientific

Crop Circles

truths based on  
deterministic  
parameters.

Synchronicity, as  
described by Jung, is a  
connection between a  
psychic, subjective  
event, and an external  
physical event,  
according to its meaning  
and not due to cause and  
effect. Inserted into an  
acausal order, it raises  
questions on the

File Type PDF

Crop Circles

relationship between  
psyche and matter. The  
findings of quantum  
physics also demand  
from us new ways of  
seeing reality. The  
psyche of the observer  
has proven crucial,  
affecting the results of  
experimentation with  
matter, pointing out  
once again the  
interaction of psyche  
and matter. How can we

File Type PDF

Crop Circles

ignore these findings?

We can say that physics  
has explored the

objectivity of matter

leading to the psychic,

while depth psychology  
moved towards

subjectivity and found

objective patterns of the

psyche, the archetypes

that make up the

collective unconscious.
