"HELP! My Students Can't Write!" Why You Need a Writing Revolution in Your Classroom and How to Lead It. The Writing Revolution (TWR) provides a clear method of instruction that you can use no matter what subject or grade level you teach. The model, also known as The Hochman Method, has demonstrated, over and over, that it can turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback. Insurmountable as the challenges faced by many students may seem, TWR can make a dramatic difference. And the method does more than improve writing skills. It also helps: Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical capabilities TWR is as much a method of teaching content as it is a method of teaching writing. There's no separate writing block and no separate writing curriculum. Instead, teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction. But perhaps what's most revolutionary about the TWR method is that it takes the mystery out of learning to write well. It breaks the writing process down into manageable chunks and then has students practice the chunks they need, repeatedly, while also learning content.

Build essential skills while having fun with Home Workbooks! Now updated with fun, colorful pages and engaging art, each book measures 7" x 9.25" and is filled with 64 pages of age-appropriate activities, puzzles, and games. These teacher-approved books are perfect for home, school, summer breaks, and road trips! Skills covered include beginning reading and phonics, beginning writing, one- and two-digit addition and subtraction, graphing and measurement, and more! An incentive chart and 140 full-color stickers are also included to help parents or teachers track student progress. Home Workbooks are available for prekindergarten through grade 3 students, and feature titles in a wide variety of skill areas to suit any need.

Dave Stuart Jr.'s work is centered on a simple belief: all students and teachers can flourish. These 6 Things is all about streamlining your practice so that you're teaching smarter, not harder, and kids are learning, doing, and flourishing in ELA and content-area classrooms. In this essential resource, teachers will receive: Proven, classroom-tested advice delivered in an approachable, teacher-to-teacher style that builds confidence Practical strategies for streamlining instruction in order to focus on key beliefs and literacy-building activities Solutions and suggestions for the most common teacher and student "hang-ups" Numerous recommendations for deeper reading on key topics

From the New York Times bestselling creators of Click, Clack, Moo, comes an entertaining introduction to politics. My fellow Americans: It is our pleasure, our honor, our duty as citizens to present to you Duck for President. Here is a duck who began in a humble pond. Who worked his way to farmer. To governor. And now, perhaps, to the highest office in the land. Some say, if he walks like a duck and talks like a duck, he is a duck. We say, if he walks like a duck and talks like a duck, he will be the next president of the United States of America. Thank you for your vote.

Jane David and Larry Cuban examine 20 different school reforms, the pros and cons of each, and what it takes to make the reforms-including smaller classes, mayoral control of schools, and standards-based change-successful.

In Writers Are Readers, the mutually supportive roles of reading and writing are made visible through the idea of "flipsides;" how a reader's insights can be turned around to provide insights into his own writing, and vice versa. Lester and Reba's trademark engaging style is woven throughout chapters full of sample lessons, student writing samples, and recommended texts for maximizing the flipped concept across the year. "Leading the student to understand what he did as a reader can become a lens that brings into focus what the writer had to do before a reader ever saw the page," they write. Discover fresh new ways to turn reading strategies into writing opportunities that your students will be excited about and deeply understand.

"HELP! My Students Can't Write!" Why You Need a Writing Revolution in Your Classroom and How to Lead It. The Writing Revolution (TWR) provides a clear method of instruction that you can use no matter what subject or grade level you teach. The model, also known as The Hochman Method, has demonstrated, over and over, that it can turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback. Insurmountable as the challenges faced by many students may seem, TWR can make a dramatic difference. And the method does more than improve writing skills. It also helps: Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical capabilities TWR is as much a method of teaching content as it is a method of teaching writing. There's no separate writing block and no separate writing curriculum. Instead, teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction. But perhaps what's most revolutionary about the TWR method is that it takes the mystery out of learning to write well. It breaks the writing process down into manageable chunks and then has students practice the chunks they need, repeatedly, while also learning content.

Inspire students to develop as writers in the first grade classroom with these engaging and creative writing lessons. This classroom-tested resource shows positive results in students' writing and simplifies the planning of writing instruction. It contains detailed information on how to establish and manage daily Writer's Workshop and includes consistent, structured instruction to encourage students to actively participate in the writing process. Specific lessons to help students develop the traits of quality writing are also included. This resource develops college and career readiness skills and is aligned to today's standards.
