A bold thriller filled with esoteric secrets, psychedelic rituals, blackmail, and murder • Follows American archaeologist Monica Bettlheim, her benefactor Maltese billionaire Sebastian Pinto, and Pinto's son Rafael as they make startling discoveries about the ancient world, hallucinogenic sacraments, and modern-day crime syndicates • Reveals a secret ritual at the heart of Christianity, knowledge of which was passed on underground by Gnostics and alchemists for centuries • Explore the use of the Kykeon, the psychedelic brew of the Eleusinian mysteries, which offers those who drink it a direct experience of God Amid the European refugee crisis, with the background of Southern Europe having become the point of arrival for hundreds of thousands of desperate migrants, Monica Bettlheim, an American archaeologist, is trying to recapture her former fame. She has a mission to uncover prehistoric cultures that conventional archaeology and history both fear and deny. Her search is sponsored by an eccentric aristocrat, the larger-than-life Maltese billionaire Sebastian Pinto. On an underwater expedition off the coast of Malta, Monica finds a mysterious golden

pomegranate that dates back to prehistoric times. Within it, she discovers ancient remnants of the Kykeon, the hallucinogenic sacrament of the Eleusinian mysteries, which offers those who drink it a direct experience of God. As the discovery leads to blackmail and murder, Monica uncovers a secret ritual right at the heart of Christianity, knowledge of which was passed on underground by Gnostics and alchemists for centuries. Reluctantly, Monica teams up with the elusive and troubled Rafael, Pinto's son, who for some years has been deeply immersed in esoteric studies. Driven by the need to avenge a murder and uncover the activities of an international crime syndicate, they risk their lives by reviving the sacred ritual--and are confronted by the most terrifying revelation of all.

Forbidden Fruit is a collection of fascinating, largely untold stories of ordinary men and women who took extraordinary measures, risking life and limb to be together. It's the story of couples who faced mobs, bloodhounds, bounty hunters, and bullets to defy the system that allowed slave masters to breed and sell people like cattle. Some broke the taboo against interracial marriage, putting their lives in the most severe peril. In one remarkable story, a Georgia couple who fled slavery wearing multiple disguises sailed for England with bounty hunters and federal troops on their trail. A fugitive slave from Virginia spent seventeen arduous years searching for his wife. A Missouri slave fell in love with his white Mormon neighbor and escaped to Canada to be with her, putting pepper in his shoes to throw dogs off the scent at night and hiding in trees by day. Betty DeRamus gleaned these amazing stories from descendants of runaway slave couples, unpublished memoirs, Civil War records, books, magazines, and dozens of previously untapped sources. Beautifully and compassionately written, this important book

Could World War I have been averted if Franz Ferdinand and his wife hadn't been murdered by Serbian nationalists in 1914? What if Ronald Reagan had been killed by Hinckley's bullet? Would the Cold War have ended as it did? In *Forbidden Fruit*, Richard Ned Lebow develops protocols for conducting robust counterfactual thought experiments and uses them to probe the causes and contingency of transformative international developments like World War I and the end of the Cold War. He uses experiments, surveys, and a short story to explore why policymakers, historians, and international relations scholars are so resistant to the contingency and indeterminism inherent in open-ended, nonlinear systems. Most controversially, Lebow argues that the difference between counterfactual and so-called factual arguments is misleading, as both can be evidence-rich and logically persuasive. A must-read for social scientists, *Forbidden Fruit* also examines the binary between fact and fiction and the use of counterfactuals in fictional works like Philip Roth's *The Plot Against America* to understand complex causation and its implications for who we are and what we think makes the social world work.

the impossible: to lie low for the rest of her senior year. And Jo reluctantly agrees. Although it is (mostly) much easier for Jo to fit in as a straight girl, things get complicated when she meets Mary Carlson, the oh-so-tempting sister of her new friend at school. But Jo couldn't possibly think of breaking her promise to her dad. Even if she's starting to fall for the girl. Even if there's a chance Mary Carlson might be interested in her, too. Right?
