necessary part of every community. Yet large or small, nonprofits all struggle with translating their compelling visions and missions into reality. Steve Rogers ' first book tells an amazing tale through the eyes of an 85-year-old Alzheimer ' s sufferer. The tale features octogenarian Tom Ryan, who lives in a nursing home he hates. Widowed and in diapers, he absolutely detests his life. Tom ' s salvation comes by way of his daily visit to the nursing home ' s recreation room and its 10-foot by 12-foot AstroTurf putting green. When he steps onto that magic carpet he remembers his life, but only his life on the golf course, from when he first picked up a club to his last experiences as a course ranger. It ' s an irreverent journey through people, places, and events all related to his life in golf. According to Tom: “ I may not remember what I ate for breakfast, but when I ' m on this little patch of plastic grass, I remember – people, places, shots, holes, funny stuff, sad stuff, all like it was yesterday ... Like my good friend Eddie always says, ‘ It ' s the most fun you can have with your pants on. ’ The stuff I remember, or think I remember, could fill up a book. ”
