Aimed at policy-makers, project designers and field practitioners, this publication provides the conceptual foundation for a new set of FAO handbooks on sustainable food value chain development. It defines the concept of a sustainable food value chain, presents a development paradigm that integrates the concepts of sustainability and value addition, highlights ten guiding principles, and discusses the potential and limitations of the approach. In doing so, this handbook makes a strong case for placing sustainable food value chain development at the heart of any strategy aimed at reducing poverty and hunger.

The Key Indicators for Asia and the Pacific 2017, the 48th edition of this series, includes the latest available economic, financial, social, and environmental indicators for the 48 regional members of the Asian Development Bank. It presents the latest key statistics on development issues concerning the economies of Asia and the Pacific to a wide audience, including policy makers, development practitioners, government officials, researchers, students, and the general public. Part I of this issue presents the current status of economies of Asia and the Pacific with respect to the Sustainable Development Goals based on selected indicators from the global indicator framework. This year's report also discusses results from an initiative to facilitate the compilation of statistics on asset ownership from a gender perspective. Part II comprises statistical indicators that capture economic, financial, social, and environmental developments. Part III presents key statistics and stylized facts on the phenomenon of global

Veteran journalists Casey Sherman and Dave Wedge have written the definitive inside look at the Boston Marathon bombings with a unique, Boston-based account of the events that riveted the world. From the Tsarnaev brothers' years leading up to the act of terror to the bomb scene itself (which both authors witnessed first-hand within minutes of the blast), from the terrifying police shootout with the suspects to the ultimate capture of the younger brother, Boston Strong: A City's Triumph over Tragedy reports all the facts-and so much more. Based on months of intensive interviews, this is the first book to tell the entire story through the eyes of those who experienced it. From the cop first on the scene, to the detectives assigned to the manhunt, the authors provide a behind-the-scenes look at the investigation. More than a true-crime book, Boston Strong also tells the tragic but ultimately life-affirming story of the victims and their recoveries and gives voice to those who lost loved ones. With their extensive reporting, writing experience, and deep ties to the Boston area, Sherman and Wedge create the perfect match of story, place, and authors. If you're only going to read one book on this tragic but uplifting story, this is it.

After the death of her wealthy husband, a young widow must settle the estate with his son -- the same man who once broke her heart. Caroline Dawson survived the town gossips who whispered behind her back. She survived the slow death of her husband, Roscoe Lancaster,

the richest man in the county and her senior by three decades. But she feared she might not survive Rink Lancaster, her husband's son. Years before she married, when she and Rink were teens, he introduced Caroline to her first tremulous taste of love -- and then broke her heart. Now he's back. Rink says he wants to settle his father's estate, but his storm of emotions is undeniable and more dangerous than ever -- and what he really wants is to settle the score with Caroline.

This is the 8th edition of this yearly publication which contains key data on world trends in the film industry including production and distribution, as well as concise analysis of developments in selected countries.

A compelling study of the little known contributions of Islam's cultural, artistic, and scientific accomplishments to Western civilization looks not only at the historic achievements of the Muslim world and the role of inspired leaders who encouraged intellectual inquiry, championed tolerance, and sponsored artistic and literary endeavors, but also at the ancient envy that fuels today's conflicts. Duck' pub and the life of its landlady Ellie Browne. Ellie Browne has found happiness running The Dog and Duck pub in the idyllic village of Little Leyton, and her blossoming romance with tall, handsome property developer, Max Golding, is going swimmingly. With her new best friend, Digby, the black Labrador at her side, life just couldn't be sweeter. But their peace is shattered when Max's younger sister, Katy, turns up unannounced with a whole heap of attitude. And Max's loyalties are stretched further when his glamorous ex, Sasha, re-appears with her own burgeoning secret. With the master of the manor preoccupied with the demands of his 'other women', Ellie's forced to consider if she has any role to play in Max's life or in the village of Little Leyton. Can Ellie get her life and relationship back on track in time for the summer charity ball at Braithwaite Manor?

In this McKinsey Award-winning article, first published in May 1989, Gary Hamel and C.K. Prahalad explain that Western companies have wasted too much time and energy replicating the cost and quality advantages their global competitors already experience. Canon and other world-class competitors have taken a different approach to strategy: one of strategic intent. They begin with a goal that exceeds the company's present grasp and existing resources: "Beat Xerox"; "encircle Caterpillar." Then they rally the organization to close the gap by setting challenges that focus employees' efforts in the near to medium term: "Build a personal copier to sell for \$1,000"; "cut product development time by 75%." Year after year, they emphasize competitive innovation--building a portfolio of competitive advantages; searching markets for "loose bricks" that rivals have left underdefended; changing the terms of competitive engagement to avoid playing by the leader's rules. The result is a global leadership position

and an approach to competition that has reduced larger, stronger Western rivals to playing an endless game of catch-up.
