The first book in the world to compile definitive basic standards for hotels. Designed as an easy-reference guide with handy tips and instructions to help every hotelier improve and maintain high standards. This title draws on guest experience, industry knowledge and standards laid down by tourist boards and hotels across the world making it probably one of the most definitive and researched titles on hospitality standards. Covering everything from toilets to teapots, driveways to dining rooms, this book is a must have companion for any hotelier.

A comprehensive and wide-ranging introduction to operational hotel management, this textbook brings together business administration, management and entrepreneurship into a complete overview of the discipline. Essential reading for students of hospitality management, the book also benefits from online support materials including student tests, a glossary and PowerPoint slides.

'Tourism and Hospitality in the 21st Century' is a collection of essays which consider the future of tourism and hospitality. The international team of contributors represent a wide range of interests involved in tourism and hospitality. Divided into three parts, this book analyses: · Global dimensions, patterns and trends -demographic, social, economic and technical · Regional development of such areas as Africa, Asia, Europe and America, among others · The future of various sectors within the industries - such as transport, tourist attractions, coastal resorts and timesharing. 'Tourism and Hospitality in the 21st Century' is suitable for: senior personnel in private and public sector tourism and hospitality operations; international and national official tourism bodies and other organizations; universities and other higher education institutions; universitties and other higher education institutions; consultancy; finance, construction and supply industries; and as a reference point for students.

Symbols of Victory Of Good Over Evil Calling them women of substance would not do justice to the extreme odds that they have battled and eventually overcome in life. They are individuals who have channelised their anger due to traumatic experiences into a positive energy that they are now using to help and guide others who may be going through similar crises.

Sports Tourism: participants, policy and providers is an unparalleled text that explains sports tourism as a social, economic and cultural phenomenon that stems from the unique interaction of activity, people and place. Unlike other texts, it seeks to present sports tourism as a unique area that produces its own unique issues, concerns and controversies. The text tackles these issues from three viewpoints: participants: examining the profiles, motivations and behaviour patterns of sports tourists to create a typology of participants policy: analyses the response by policy makers to this phenomenon and the problems of achieving integration between two sectors with historically different cultures providers: their motivations, aims, objectives and strategies Illustrated by international case studies in each chapter, and with four extended case study chapters, Sports Tourism: participants, policy and providers examines this area using real life experiences and concrete evidence.
