Originally published in 1980, Audre Lorde's *The Cancer Journals* offers a profoundly feminist analysis of her experience with breast cancer & a modified radical mastectomy. Moving between journal entry, memoir, & exposition, Lorde fuses the personal & political & refuses the silencing & invisibility that she experienced both as a woman facing her own death & as a woman coping with the loss of her breast. After Lorde died of cancer in 1992, women from all over the U.S. & beyond paid tribute to her in essays & poems.
