The “ gripping story ” of a Nazi blockade, a Russian composer, and a ragtag band of musicians who fought to keep up a besieged city ’ s morale (The New York Times Book Review). For 872 days during World War II, the German Army encircled the city of Leningrad—modern-day St. Petersburg—in a military operation that would cripple the former capital and major Soviet industrial center. Palaces were looted and destroyed. Schools and hospitals were bombarded. Famine raged and millions died, soldiers and innocent civilians alike. Against the backdrop of this catastrophe, historian Brian Moynahan tells the story of Dmitri Shostakovich, whose Seventh Symphony was first performed during

the siege and became a symbol of defiance in the face of fascist brutality. Titled “ Leningrad ” in honor of the city and its people, the work premiered on August 9, 1942—with musicians scrounged from frontline units and military bands, because only twenty of the orchestra ’ s hundred members had survived. With this compelling human story of art and culture surviving amid chaos and violence, Leningrad: Siege and Symphony “ brings new depth and drama to a key historical moment ” (Booklist, starred review), in “ a narrative that is by turns painful, poignant and inspiring ” (Minneapolis Star-Tribune). “ He reaches into the guts of the city to extract some humanity from the blood and darkness, and at its best Leningrad captures the heartbreak, agony and small salvations in both death and survival . . . Moynahan ’ s descriptions of the battlefield, which also draw from the diaries of the cold, lice-ridden, hungry combatants, are haunting. ” —The Washington Post

The true story of composer Dmitri Shostakovich, who wrote a symphony that roused, rallied, eulogized, and commemorated his fellow citizens--the Leningrad Symphony, which came to occupy a surprising place of prominence in the eventual Allied victory during World War 2.

Shostakovich's Seventh Symphony was first played in the city of its birth on 9 August, 1942. There has never been a first performance to match it. Pray God, there never will be again. Almost a year earlier, the Germans had begun their blockade of the city. Already many thousands had died of their wounds, the cold, and most of all, starvation. The assembled musicians - scrounged from frontline units and military bands, for only twenty of the orchestra's 100 players had survived - were so hungry, many feared they'd be too weak to

play the score right through. In these, the darkest days of the Second World War, the music and the defiance it inspired provided a rare beacon of light for the watching world. Setting the composition of Shostakovich's most famous work against the tragic canvas of the siege itself and the years of repression and terror that preceded it, Leningrad: Siege and Symphony is a magisterial and moving account of one of the most tragic periods in history.

A powerful look at the extraordinary healing effect of music on sufferers of mental illness, including author Stephen Johnson's struggle with bipolar disorder. BBC music broadcaster Stephen Johnson explores the power of Shostakovich ' s music during Stalin ' s reign of terror, and writes of the extraordinary healing effect of music on sufferers of mental illness. Johnson looks at neurological, psychotherapeutic and philosophical findings, and reflects on his own experience, where he believes Shostakovich ' s music helped him survive the trials and assaults of bipolar disorder. There is no escapism, no false consolation in Shostakovich ' s greatest music: this is some of the darkest, saddest, at times bitterest music ever composed. So why do so many feel grateful to Shostakovich for having created it—not just Russians, but westerners like Stephen Johnson, brought up in a very different, far safer kind of society? The book includes interviews with the members of the orchestra who performed Shostakovich ' s Leningrad Symphony during the siege of that city.

A best-selling, compelling and evocatively realised novel based on real events and figures. It has now sold into eight different countries around the world. In June 1941, Nazi troops march on Leningrad and surround it. Hitler's plan is to shell, bomb, and starve the city into submission. Most of the cultural elite are evacuated early in the siege, but Dmitri Shostakovich, the most famous composer in Russia, stays on to defend his city, digging ditches and fire-watching. At night he composes a new work. But after Shostakovich and his family are forced to evacuate, only Karl Eliasberg - a shy and difficult man, conductor of the second-rate Radio Orchestra - and an assortment of musicians are left behind in Leningrad to face an unendurable winter and start rehearsing the finished score of Shostakovich's Leningrad Symphony.

Describes life in the Russian city of Leningrad during World War II.

Silver Winner, ForeWord Magazine Book of the Year, History From September 1941 until January 1944, Leningrad suffered under one of the worst sieges in the history of warfare. At least one million civilians died, many during the terribly cold first winter. Bearing the brunt of this hardship—and keeping the city alive through their daily toil and sacrifice—were the women of Leningrad. Yet their perspective on life during the siege has been little examined. Cynthia Simmons and Nina Perlina have searched archival holdings for letters and diaries written during the siege, conducted interviews with survivors, and collected poetry, fiction, and retrospective memoirs written by the *blokadnitsy* (women survivors) to present a truer picture of the city under siege. In simple, direct, even heartbreaking language, these

documents tell of lost husbands, mothers, children; meager rations often supplemented with sawdust and other inedible additives; crime, cruelty, and even cannibalism. They also relate unexpected acts of kindness and generosity; attempts to maintain cultural life through musical and dramatic performances; and provide insight into a group of ordinary women reaching beyond differences in socioeconomic class, ethnicity, and profession in order to survive in extraordinary times.

“ Music illuminates a person and provides him with his last hope; even Stalin, a butcher, knew that. ” So said the Russian composer Dmitri Shostakovich, whose first compositions in the 1920s identified him as an avant-garde wunderkind. But that same singularity became a liability a decade later under the totalitarian rule of Stalin, with his unpredictable grounds for the persecution of artists. Solomon Volkov—who cowrote Shostakovich ’ s controversial 1979 memoir, *Testimony*—describes how this lethal uncertainty affected the composer ’ s life and work. Volkov, an authority on Soviet Russian culture, shows us the “ holy fool ” in Shostakovich: the truth speaker who dared to challenge the supreme powers. We see how Shostakovich struggled to remain faithful to himself in his music and how Stalin fueled that struggle: one minute banning his work, the next encouraging it. We see how some of Shostakovich ’ s contemporaries—Mandelstam, Bulgakov, and Pasternak among them—fell victim to Stalin ’ s manipulations and how Shostakovich barely avoided the same fate. And we see the psychological price he paid for what some perceived as self-serving aloofness and others saw as rightfully defended individuality. This is a revelatory account of the relationship between one of the twentieth century ’ s greatest composers and one of its

"Part memoir, part reportage, this is a story of music from the frontlines: the testimony of a lifelong passion for music from a decorated war correspondent who hates war and a journalist who follows people and stories around the world. Inspired by Samuel Beckett's line from Happy Days ("What shall we do when even words fail"), the book reflects on the fact that in many stressful and painful situations, when our words fail, we turn to music for expression and comfort, or for rage and pain. It asks questions of what music does for people in situations of extreme physical and psychological violence, what it can do "in times of war, against war, and for peace." It also tells stories of concerts that changed the author's life, concerts at which he was present as a young or a more mature man, at home or abroad, in peace or in war"--
