The novel "Lord of the Flies" is a story not only about the loss of innocence. In their own way, these children from scratch create a new hierarchy with different social roles that remind us of the real world. Children become fragmented, just like us, separated by different political ideas. They collide with each other, like nations in wars.

Set during WWII, 'Lord of The Flies' allegorically explores the underlying barbarism and obsession of power that only lead to destructions. Being a school teacher, Golding had wisely chosen the schoolboys as his characters to give his novel a wider reach. This novel is not only a classic with the revelation of human psyche, lots of symbols, shivering scenes and tragic events happened to the sympathetic characters like Piggy and Simon but also a thought-provoking parody that would make you ...

Lord of the Flies is a 1954 novel by Nobel Prize-winning British author William Golding. The book focuses on a group of British boys stranded on an uninhabited island and their disastrous attempt to govern themselves. Themes include the tension between groupthink and individuality, between rational and emotional reactions, and between morality and immorality.

Lord of the Flies is a book that, despite some critical lulls, has stood the test of time. Written after World War II, Lord of the Flies has fought its way through social upheavals, through wars and political changes. The book and its author have been scrutinized by religious standards as well as by social and political standards.

"A Clockwork Orange" is a famous (and controversial) book by Anthony Burgess. This dystopian novel was published in 1962. The two books represent a particularly tragic, and English, perspective on youth in the 20th century. Burgess's narrative style is unique and challenging, but the themes are similar to "Lord of the Flies."

Sir William Gerald Golding, CBE FRSL (19 September 1911 – 19 June 1993) was a British novelist, playwright, and poet. Best known for his debut novel Lord of the Flies (1954), he would go on to publish another twelve volumes of fiction in his lifetime. In 1980, he was awarded the Booker Prize for Rites of Passage, the first novel in what became his sea trilogy, To the Ends of the Earth.

Before The Hunger Games there was Lord of the Flies. Lord of the Flies remains as provocative today as when it was first published in 1954, igniting passionate debate with its startling, brutal portrait of human nature. Though critically acclaimed, it was largely ignored upon its initial publication. Yet soon it became a cult favorite among both students and literary critics who compared it to ...

[Lord of the Flies - Modern Breeze](#)

The book Lord of the Flies, by William Golding, gives the reader insights about how modern society can be improved through the mistakes of its characters. The story is about a group of boys whose plane crashes on an uninhabited island, and about how they cannot create a successful society on it. The triumph of a tribe of pig-hunting "savages" over a leader that tries to establish governance, civility, and order on the island can show how people can see war as the only option when ...

The classic study of human nature which depicts the degeneration of a group of schoolboys marooned on a desert island.

A Penguin Classics Deluxe Edition of a counterculture classic with a foreword by Chuck Palahniuk.

A seemingly ordinary village participates in a yearly lottery to determine a sacrificial victim.

A group of delinquent boys are abandoned in a remote village during the Korean war and manage to survive by stealing food and hunting, only to face the possibility of death when the villagers return

Seminar paper from the year 2003 in the subject English Language and Literature Studies - Literature, grade: 2.0, http://www.uni-jena.de/, 22 entries in the bibliography, language: English, abstract: In all the books I have suggested a shape in the universe that may, as it were, account for things. The greatest pleasure is not -say- sex or geometry. It is just understanding. And if you can get people to understand their own humanity-well, that's the job of the writer.2 William Golding William Golding's first novel Lord of the Flies3 is one of the most-read works of contemporary fiction since the Second World War. The author's most popular fiction was written in 1954 and has been interpreted politically, religiously, anthropologically and psychologically although the story as such is quite simple. However, what makes the book remarkable is how excessively Golding uses the setting in order to get across the fable's moral. The setting of the robinsonade is highly allegorical. In the following paper this is going to be proved on hand the following definition: Setting is the entire environment for the action of a fictional work. Settings include the place, the time period as well as the historical milieu, and the political, social, and perhaps even spiritual realities (italics: mine).4 In addition to that, also the presentation of nature and its symbolism are going to be examined as they play an important role throughout the book and are part of the setting.5

William Golding's unforgettable classic of boyhood adventure and the savagery of humanity comes to Penguin Classics in a stunning Graphic Deluxe Edition with a new foreword by Lois Lowry As provocative today as when it was first published in 1954, Lord of the Flies continues to ignite passionate debate with its startling, brutal portrait of human nature. William Golding's compelling story about a group of very ordinary boys marooned on a coral island has been labeled a parable, an allegory, a myth, a morality tale, a parody, a political treatise, and even a vision of the apocalypse. But above all, it has earned its place as one of the indisputable classics of the twentieth century for readers of any age. This Penguin Classics Graphic Deluxe Edition features an array of special features to supplement the novel, including a foreword by Lois Lowry, an introduction by Stephen King, an essay by E. M. Forster, an essay on teaching and reading the novel and suggestions for further exploration by scholar Jennifer Buehler, and an extended note by E. L. Epstein, the publisher of the first American paperback edition of Lord of the Flies. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

In these fifteen superb stories, this essential author of African American fiction gives us compelling portraits of a wide range of unforgettable characters, from sassy children to cunning old men, in scenes shifting between uptown New York and rural North Carolina. A young girl suffers her first betrayal. A widow flirts with an elderly blind man against the wishes of her grown-up children. A neighborhood loan shark teaches a white social worker a lesson in responsibility. And there is more. Sharing the world of Toni Cade Bambara's "straight-up fiction" is a stunning experience.

In 1953, William Golding was a provincial schoolteacher writing books on his breaks, lunch hours and holidays. His work had been rejected by every major publisher—until an editor at Faber and Faber pulled his manuscript off the rejection pile. This was to become Lord of the Flies, a book that would sell in the millions and bring Golding worldwide recognition. Golding went on to become one of the most popular and influential British authors to have emerged since World War II. He received the Booker Prize for the novel Rites of Passage in 1980, and the Nobel Prize for Literature in 1983. Stephen King has stated that the Castle Rock in Lord of the Flies continues to inspire him, so much so that he named his entertainment company after it and has placed the Golding novel prominently in his novels Hearts in Atlantis and Cujo. Golding has been called a British Vonnegut—disheveled and darkly humorous, perverse when it would have been easier to be bitter, bitter when it would have been easier to be lazy, sometimes more disturbing than he is palatable and above all fascinating beyond measure. Yet despite the fame and acclaim, the renowned author saw himself as a monster—a reclusive depressive ruled by his fears and a man who battled alcoholism throughout his life. In addition to being a schoolteacher, Golding was a scientist, a sailor and a poet before becoming a bestselling author, and his embitterment and alienation, his family, the women in his past, along with his experiences in the war, inform his work. This is the first book to unpack the life and character of a man whose entire oeuvre dealt with the conflict between light and dark in the human soul, tracing the defects of society back to the defects of human nature itself. Drawing almost entirely on materials that have never before been made public, John Carey sheds new light on Golding. Through his exclusive access to Golding's family, Carey uses hundreds of letters, unpublished works and Golding's intimate journals to draw a revelatory and definitive portrait. An acclaimed critic, Carey enriches crucially our appreciation of the literary work of Golding, bringing us, as the best literary biographies do, back to the books. And with equal parts lyricism and driving emotion, Carey brings to light a life that is extraordinary to the point of transcendent and a writer who trusted the imagination above all things.
