I've been reading a book called Making Room: Recovering Hospitality as a Christian Tradition. It's one of the books about spiritual practice I put on a reading list last January, with the thought that I would look for ways to build these practices more fully into my daily life. Apparently God takes that idea seriously.

In her book, Making Room: Recovering Hospitality as a Christian Tradition, Christine D. Pohl writes: "For most of the history of the church, hospitality was understood to encompass physical, social, and spiritual dimensions of human existence and relationships.

For most of church history, hospitality was central to Christian identity. Yet our generation knows little about this rich, life-giving practice.

Christine D. Pohl's book Making Room: Recovering Hospitality as a Christian Tradition has helped foster renewal of the central but long-neglected practice of Christian hospitality. This new study guide for Making Room provides a variety of ways in which people can learn more about the practice. Designed for use by small groups -- though individuals will also profit from it -- the study guide is divided into nine lessons corresponding to the chapters of Making Room. Each lesson begins with an introduction briefly highlighting the main points of the book, followed by sections on group building, Scripture, discussion, reflection, and personal application. Each lesson also provides aids for group leaders and suggested activities to help participants begin to make the practice of hospitality part of their daily life.

Every church, every organization, has experienced them: betrayal, deception, grumbling, envy, exclusion. They make life together difficult and prevent congregations from developing the skills, virtues, and practices they need to nurture sturdy, life-giving communities. In Living into Community Christine Pohl explores four specific Christian practices -- gratitude, promise-keeping, truth-telling, and hospitality -- that can counteract those destructive forces and help churches and individuals build and sustain vibrant communities. Drawing on a wealth of personal and professional experience and interacting with the biblical, historical, and moral traditions, Pohl thoughtfully discusses each practice, including its possible complications and deformations, and points to how these essential practices can be better cultivated within communities and families.

In this book, theologian Letty Russell redefines the commonly held notion of hospitality as she challenges her readers to consider what it means to welcome the stranger. In doing so, she implores persons of faith to join the struggles for justice. Rather than an act of limited, charitable welcome, Russell maintains that true hospitality is a process that requires partnership with the "other" in our divided world. The goal is "just hospitality," that is, hospitality with justice. Russell draws on feminist and postcolonial thinking to show how we are colonized and colonizing, each of us bearing the marks of the history that formed us. With an insightful analysis of the power dynamics that stem from our differences and a constructive theological theory of difference itself, Russell proposes concrete strategies to create a more just practice of hospitality.

Practicing hospitality is central to building a civil society, not to mention living a Christian life. It can be enriching and joy-filled, but it can also be profoundly demanding and sometimes even dangerous. In The Limits of Hospitality, Jessica Wrobleksi explores the ethical questions surrounding the practice of hospitality, particularly hospitality that is informed by Christian theological commitments. While there is no algorithm that distinguishes between ethically "legitimate" and "illegitimate" boundaries, the variety of circumstances in which hospitality is relevant and the nature of hospitality itself make advocating firm and fixed boundaries difficult. How much more so for Christians, for whom the practice of hospitality should be a manifestation of agape, a participation in God's eschatological welcome extended to all people through Jesus Christ! Are limits to hospitality, then, merely a regrettable concession to our finite and fallen condition? Wrobleksi offers a rich theological reflection that will interest anyone who has a role in the practice of hospitality in community? Whether such communities are families, households, churches, educational institutions, or nation-states.

This practical book by pastor and writer Henry G. Brinton studies the biblical basis for Christian hospitality and how it is practiced in congregations today.

Too few Christians today, says Joshua Jipp, understand hospitality to strangers and the marginalized as an essential part of the church's identity. In this book Jipp argues that God's relationship to his people is fundamentally an act of hospitality to strangers, and that divine and human hospitality together are thus at the very heart of Christian faith. Jipp first provides a thorough interpretation of the major biblical texts related to the practice of hospitality to strangers, considering especially how these texts portray Christ as the divine host who extends God's welcome to all people. Jipp then invites readers to consider how God's hospitality sets the pattern for human hospitality, offering suggestions on how the practice of welcoming strangers can guide the church in its engagement with current social challenges--immigration, incarceration, racism, and more.
