Israelis training US police on large scale: Amnesty
Mossad officers, primarily associated with covert operations abroad in the name of protecting Israel, are not normally in the business of public health. So Israelis were immediately intrigued.

Israel's Not-So-Secret Weapon in Coronavirus Fight: The ...
For twenty-six years, Iran has waged an international terrorist war while the intelligence services of the West, led by Mossad and the CIA, have waged a relentless, mostly clandestine counter-jihad in return. Though Iran has become a quietly looming threat, little has been revealed about this intelligence-based war. Now, Ronen Bergman, Israel's leading reporter and analyst of intelligence ...

"A multilayered thriller that races to an explosive conclusion."--People Captain Marcus Graver, working out of the Houston P.D.'s Criminal Intelligence Division, has made a career of collecting other people's secrets. But it takes a bullet to the brain of one of his own investigators to reveal the darkest secrets of all. Officially the death of Arthur Tisler is a suicide. But Graver's seen the files of Tisler's last case and he refuses to bury his questions with the corpse. His instincts tell him that Tisler was onto something big-big enough to cost the investigator his life. And the more Graver digs, the more he's convinced that the trail of corruption leads back to his own command. Now he must do the most dangerous thing any cop can do: go outside the department. He must enter a shadowy labyrinth of lies and deception where he can trust no one, not even his closest friends and colleagues. And waiting at the center of the maze is a mysterious, sadistic genius, a pair of beautiful assassins, and a thread of clues that will lead to a dark rendezvous with the truth--and death. "Relentlessly paced and adroitly imagined . . . sure to win [David] Lindsey numerous new fans--and thoroughly satisfy his current ones."--Publishers Weekly

This extraordinary expos of one of the world's greatest and most secretive intelligence agencies is filled with revelations so explosive that the British government attempted to suppress its publication.

NEW YORK TIMES BESTSELLER * The first definitive history of the Mossad, Shin Bet, and the IDF's targeted killing programs, hailed by The New York Times as "an exceptional work, a humane book about an incendiary subject." WINNER OF THE NATIONAL JEWISH BOOK AWARD IN HISTORY NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY JENNIFER SZALAI, THE NEW YORK TIMES NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Economist * The New York Times Book Review * BBC History Magazine * Mother Jones * Kirkus Reviews The Talmud says: "If someone comes to kill you, rise up and kill him first." This instinct to take every measure, even the most aggressive, to defend the Jewish people is hardwired into Israel's DNA. From the very beginning of its statehood in 1948, protecting the nation from harm has been the responsibility of its intelligence community and armed services, and there is one weapon in their vast arsenal that they have relied upon to thwart the most serious threats: Targeted assassinations have been used countless times, on enemies large and small, sometimes in response to attacks against the Israeli people and sometimes preemptively. In this page-turning, eye-opening book, journalist and military analyst Ronen Bergman--praised by David Remnick as "arguably [Israel's] best investigative reporter"--offers a riveting inside account of the targeted killing programs: their successes, their failures, and the moral and political price exacted on the men and women who approved and carried out the missions. Bergman has gained the exceedingly rare cooperation of many current and former members of the Israeli government, including Prime Ministers Shimon Peres, Ehud Barak, Ariel Sharon, and Benjamin Netanyahu, as well as high-level figures in the country's military and intelligence services: the IDF (Israel Defense Forces), the Mossad (the world's most feared intelligence agency), Caesarea (a "Mossad within the Mossad" that carries out attacks on the highest-value targets), and the Shin Bet (an internal security service that implemented the largest targeted assassination campaign ever, in order to stop what had once appeared to be unstoppable: suicide terrorism). Including never-before-reported, behind-the-curtain accounts of key operations, and based on hundreds of on-the-record interviews and thousands of files to which Bergman has gotten exclusive access over his decades of reporting, Rise and Kill First brings us deep into the heart of Israel's most secret activities. Bergman traces, from statehood to the present, the gripping events and thorny ethical questions underlying Israel's targeted killing campaign, which has shaped the Israeli nation, the Middle East, and the entire world. "A remarkable feat of fearless and responsible reporting . . . important, timely, and informative."--John le Carré

Mossad unveils the defining and most dangerous operations, unknown heroes, and mysterious agents of the world's most respected--and most enigmatic--intelligence service. Here are the thrilling stories of daring top secret missions, including the capture of Adolf Eichmann, the eradication of Black September, the destruction of the Syrian nuclear facility, and the elimination of key Iranian nuclear scientists. Drawn from intensive research and exclusive interviews with Israeli leaders and Mossad operatives, this riveting history brings to life the brave agents, deadly villains, and major battlegrounds that have shaped Israel and the world at large for more than sixty years.

BECAUSE NOT ALL KRAV MAGA IS THE SAME TM Israeli krav maga is the official self-defense system of the Israel Defense Forces. Krav maga training shares the same principles for civilians, law enforcement, and military personnel alike to deliver them from harm's way. Goals however, are different for law enforcement and military personnel. This book is designed for security-conscious civilians, law enforcement officers, military personnel, and security professionals alike who want to improve their chances of not just surviving an armed attack, but increase the odds of prevailing without serious injury. Krav maga's popularity in professional law enforcement, military, and security circles is attributable to its practicality, simplicity, quick retention, easy learning curve, and brutal effectiveness. This effectiveness is built on a few core tenets and simple building blocks. General principles are applied and customized to suit the needs of a dynamic violent situation. Contents include: Mind-sets, reactions, and tactics in response to violence The highest-level counters against multiple armed attacks and threats Core kick, clinch, and tackle defenses Core ground survival tactics Multiple-opponent strategies and tactics Impact weapon defenses Edged weapon defenses Firearm disarms and retention Includes 954 detailed photographs The most up-to-date tactics presented in this book focus on the most common violent scenarios. These techniques derive from the author's translation of the Israeli Krav Maga Association (IKMA) curriculum. The IKMA is the governing body for krav maga, recognized by the Israeli government and headed by Grandmaster Haim Gidon. Responsible people seek krav maga training as a shield against violence.

The White House stated "A band of vigilantes claiming to be US veterans hiding behind the American flag destroyed three medical buildings in Pakistan and Afghanistan. The Defense Secretary called them "GI-Jihadists" wants to teach them that civilians control the military, not veterans." A group of veterans suspected of stealing top secret documents hires Billy Gottfried. Before he can talk with them, one client is killed in a mysterious explosion. Within days his law clerk disappears. A third explosion claims the life of an FBI agent and uncovers the remains of the law clerk. Gottfried realizes he's involved in a greater problem: Washington's power brokers are engaged in a conspiracy to privatize the military by outsourcing food services, hiring private security, and, to help the CIA gain influence in the regions, they're building foreign weapon factories controlled by tribal leaders loyal to nobody, especially the United States. Enlisting the help of Col. Joseph Vecchio, former air force covert operative, and Dominic Perretti, FBI director of counter terrorism, the three men and Betty O'Grady, topless dancer turned legal assistant, lead the veteran's fight to convince the White House to drop its opposition to bombing the factories. Silent Heroes - veterans fight against terrorism - is a novel based on true facts. The factories are discovered by American troops, many returning home with missing limbs and tragically disfigured bodies. Their stories are not only ignored, their Commanders order them to keep quiet... The CIA and State Department warn the White House that "The stories told by the soldiers are not true. The buildings are pharmaceutical factories making medicine for the local inhabitants." Failing to convince the White House, the veterans take action and then return to the states as "Silent Heroes," accompanying a single flag draped coffin. They're greeted by the media who, echoing the Secretary of Defense, calls them "GI

Jihadists committing terrorist acts while hiding behind the flag." Are the veterans GI Jihadists or are they truly Silent Heroes protecting US troops from IEDs and other explosives made in the factories. Silent Heroes - veterans fight against terrorism" presents the facts and the reader is asked to render a verdict: Silent Heroes or GI-Jihadists?

Presents a training guide to krav maga weapon defenses, and includes information on weapon awareness training, control holds, defense against continuous attacks, and hostage situations.

The first time the Mossad came calling, they wanted Victor Ostrovsky for their assassination unit, the kidon. He turned them down. The next time, he agreed to enter the grueling three-year training program to become a katsa, or intelligence case officer, for the legendary Israeli spy organization. By Way of Deception is the explosive chronicle of his experiences in the Mossad, and of two decades of their frightening and often ruthless covert activities around the world. Penetrating far deeper than the bestselling Every Spy a Prince, it is an insider's account of Mossad tactics and exploits. In chilling detail, Ostrovsky asserts that the Mossad refused to share critical knowledge of a planned suicide mission in Beirut, leading to the death of hundreds of U.S. Marines and French troops. He tells how they tracked Yasser Arafat by recruiting his driver and bodyguard; how they withheld information on the whereabouts of American hostages, paving the way for the Iran-Contra scandal; and how their intervention into secret UN negotiations led to the sudden resignation of ambassador Andrew Young and the downfall of his career. By Way of Deception describes the shocking scope and depth of the Mossad's influence, disclosing how Jewish communities in the U.S., Europe, and South America are armed and trained by the organization in secret "self-defense" units, and how Mossad agents facilitate the drug trade in order to pay the enormous costs of its far-flung, clandestine operation. And it portrays a network that has grown dangerously out of control, as internal squabbles have led to the escape of terrorists and the pursuit of "policies" completely at odds with the interests of the state of Israel. This document is possibly the most important and controversial book of its kind since Spycatcher.

For twenty-six years, Iran has waged an international terrorist war while the intelligence services of the West, led by Mossad and the CIA, have waged a relentless, mostly clandestine counter-jihad in return. Though Iran has become a quietly looming threat, little has been revealed about this intelligence-based war. Now, Ronen Bergman, Israel's leading reporter and analyst of intelligence affairs, has written a full account of this secret war. He connected the dots of the long history of Iranian backed terrorist attacks, and revealed for the first time many classified operations against the Iranian terrorist network, including details about collaborations between Israel's Mossad and the CIA and FBI; thrilling Mossad operations, the successful recruitment of top insiders of Iranian intelligence, who have disclosed a wealth of information about Iran's nuclear program as well as its terrorist activities; and the use of ultra-sophisticated surveillance equipment to penetrate and damage Iranian targets. From the Iranian proxy Hizbollah's planning of terrorists attacks from apartments in New York City, to Iran's training of an army of work Iraqi insurgents in the techniques of suicide bombing and the making of improvised explosive devises, he showed Iran has steadily waged war against the West.
