I've tried unplugging it from the mains and re-plugging it but that then still shows the same message. I don't want to play any blu-rays, I just want my surround sound to work so that I can play the audio from my television through it.

It ' s the next best thing to having Diane DiResta there to teach in person. DiResta provides all the fundamentals without the fluff. Speakers learn what confidence looks like, sounds like, and how to speak the language of confidence, reduce preparation time, craft a compelling talk, size up an audience, overcome fear, and master questions and answers. The Dos and Don ' ts at the end of each chapter help speakers review and remember the principles even after putting them into practice. Speaking is the new competitive advantage and Knockout Presentations gives speakers tools and techniques, templates, and resources to improve their skills.
