2nd Edition, authors Daron Acemoglu, David Laibson, and John List use real economic questions and data to help readers learn about the world around them. Taking a fresh approach, they use the themes of optimization, equilibrium, and empiricism to not only illustrate the power of simple economic ideas, but also to explain and predict what's happening in today's society. Each chapter begins with an empirical question that is relevant to the life of the reader, and is later answered using data in the Evidence-Based Economics feature.
