Philosophy 101- Plato and Aristotle Flashcards | Quizlet

Everything on earth, whether an object (such as a car) or an idea (such as justice), is actually an imperfect copy of an ideal and permanent “form” that exists somewhere, beyond our universe. This is known as the Theory of Forms. The place where all these ideal forms exist is guided by a heavenly force that Plato believed should influence our behavior.

answers--even the ones you didn't know you were looking for.

The popular author and Boston College philosophy professor, Kreeft, presents this introduction to philosophy to help beginners not only to understand philosophy but to fall in love with it. In his forty years of teaching philosophy, Kreeft says the most effective way to accomplish this purpose is to read Socrates. Philosophy means "the love of wisdom." Kreeft uses the dialogues of Socrates in this book to help the reader grow in that love of wisdom. He says that no master of the art of philosophizing has ever been more simple, clear, and accessible to beginners as Socrates. He focuses on Plato's dialogues, the Apology of Socrates, as a model partner for the reader to dialogue with. Kreeft calls it "the Magna Carta of philosophy," a timeless classic that is "a portable classroom."

A perfect introduction for students and laypeople alike, *A Degree in a Book: Philosophy* provides you with all the concepts you need to understand the fundamental issues. Filled with helpful diagrams, suggestions for further reading, and easily digestible features on the history of philosophy, this book makes learning the subject easier than ever. Including ideas from Aristotle and Zeno to Descartes and Wittgenstein, it covers the whole range of western thought. By the time you finish reading this book, you will be able to answer questions like: • What is truth? • What can I really know? • How can I live a moral life? • Do I have free will?

This New York Times bestseller is the hilarious philosophy course everyone wishes they'd had in school. Outrageously funny, *Plato and a Platypus Walk into a Bar...* has been a breakout bestseller ever since authors--and born vaudevillians--Thomas Cathcart and Daniel Klein did their schtick on NPR's Weekend Edition. Lively, original, and powerfully informative, *Plato and a Platypus Walk Into a Bar...* is a not-so-reverent crash course through the great philosophical thinkers and traditions, from Existentialism (What do Hegel and Bette Midler have in common?) to Logic (Sherlock Holmes never deduced anything). Philosophy 101 for those who like to take the heavy stuff lightly, this is a joy to read--and finally, it all makes sense! And now, you can read Daniel Klein's further musings on life and philosophy in *Travels with Epicurus* and *Every Time I Find the Meaning of Life, They Change it*.

What existed before the Universe was created? Where does self-worth come from? Do the ends always justify the means? The *Philosophy Book* answers the most profound questions we all have. It is your visual guide to the fundamental nature of existence, society, and how we think. Discover what it means to be free, whether science can predict the future, or how language shapes our thoughts. Learn about the world's greatest philosophers, from Plato and Confucius to modern thinkers such as Chomsky and Derrida and follow charts and timelines that graphically show the progression of ideas and logic. Written in plain English, with concise explanations of branches of philosophy such as metaphysics and ethics, it untangles complicated theories and makes sense of abstract concepts. It is an ideal reference whether you're a student or a general reader, with simple explanations of big ideas, including the four noble truths, the soul, class struggle, moral purpose, and good and evil. If you're curious about the deeper questions in life, *The Philosophy Book* is both an invaluable reference and illuminating read.

Exploring more than 60 of the most important events in world history, this ebook is the perfect introduction to the past, and ideal for summer reads. From the birth of Athenian democracy to the rise and fall of Rome and from the American Revolution to the landing beaches of World War II, *The Little Book of History* brings the past to life. Includes infographics and flowcharts that explain complex concepts in a simple but exciting way, this ebook examines the events that shaped our past. Charting the human era from the beginnings of civilization to the modern culture of today this ebook makes the perfect introduction to the human story. One of a series of new, compact sister titles to DK's "Big Ideas" series, *The Little Book of History* offers you the same combination of clear text and hard-working infographics perfect for vacation reading.

The definitive sequel to New York Times bestseller *How the Scots Invented the Modern World* is a magisterial account of how the two greatest thinkers of the ancient world, Plato and Aristotle, laid the foundations of Western culture--and how their rivalry shaped the essential features of our culture down to the present day. Plato came from a wealthy, connected Athenian family and lived a comfortable upper-class lifestyle until he met an odd little man named Socrates, who showed him a new world of ideas and ideals. Socrates taught Plato that a man must use reason to attain wisdom, and that the life of a lover of wisdom, a philosopher, was the pinnacle of achievement. Plato dedicated himself to living that ideal and went on to create a school, his famed Academy, to teach others the path to enlightenment through contemplation. However, the same Academy that spread Plato's teachings also fostered his greatest rival. Born to a family of Greek physicians, Aristotle had learned early on the value of observation and hands-on experience. Rather than rely on pure contemplation, he insisted that the truest path to knowledge is through empirical discovery and exploration of the world around us. Aristotle, Plato's most brilliant pupil, thus settled on a philosophy very different from his instructor's and launched a rivalry with profound effects on Western culture. The two men disagreed on the fundamental purpose of the philosophy. For Plato, the image of the cave summed up man's destined path, emerging from the darkness of material existence to the light of a higher and more spiritual truth. Aristotle thought otherwise. Instead of rising above mundane reality, he insisted, the philosopher's job is to explain how the real world works, and how we can find our place in it. Aristotle set up a school in Athens to rival Plato's Academy: the Lyceum. The competition that ensued between the two schools, and between Plato and Aristotle, set the world on an intellectual adventure that lasted through the Middle Ages and Renaissance and that still continues today. From Martin Luther

(who named Aristotle the third great enemy of true religion, after the devil and the Pope) to Karl Marx (whose utopian views rival Plato's), heroes and villains of history have been inspired and incensed by these two master philosophers—but never outside their influence. Accessible, riveting, and eloquently written, *The Cave and the Light* provides a stunning new perspective on the Western world, certain to open eyes and stir debate. Praise for *The Cave and the Light* “A sweeping intellectual history viewed through two ancient Greek lenses . . . breezy and enthusiastic but resting on a sturdy rock of research.”—Kirkus Reviews “Examining mathematics, politics, theology, and architecture, the book demonstrates the continuing relevance of the ancient world.”—Publishers Weekly “A fabulous way to understand over two millennia of history, all in one book.”—Library Journal “Entertaining and often illuminating.”—The Wall Street Journal

Uncover the mysteries of the past with this exciting, comprehensive guide on world history. History books are often filled with long descriptions, complex facts, and stories that can bore even the most enthusiastic history buffs. In *World History 101* you'll skip those tedious details and focus on engaging lessons that will impress any kind of historian. From Julius Caesar and Genghis Khan to the Cold War and globalization, each section takes you on an adventure through time to discover the most important moments in history and how they shaped civilization today. With hundreds of absorbing facts and trivia throughout, *World History 101* can help you learn more about the civilizations of the past and help bring history to life.

What is Philosophy? Philosophy is a social science that explores the fundamental questions of life. It seeks to answer the following: Who am I? Why am I here? What is truth? What is reality? What is beauty? What should I do and not do? Who is God? *Philosophy Crash Course: An In-Depth Overview of Histories Great Thinkers* starts with what philosophy is, it's concepts, thinkers, and much more! Be exposed to: Cicero Pythagoras Socrates Plato Aristotle Seneca Nietzsche Karl Marx Sam Harris Behaviorism Existentialism Stoicism And much more! With over 50 of Histories Great Thinkers and Philosophies, this book lays the foundation of the essentials you need to know about philosophy.
