I found myself smiling in response to what I thought were personal inside jokes like a lyric from "Sound of Silence" being weaved into a paragraph about the impact of the vocalization of a baby upon a group of tired, unengaged adults.

No one can resist a love letter. Love letters are largely a lost and forgotten art. Not long ago suitors used the written word to work magic, and people were swept off their feet by a sweet, sincere note. *How to Write a Love Letter* teaches us, once again, how to reinvent this most meaningful of arts. In today's rushed, individualistic society, love letters are more potent than ever before. They embody and convey the mysterious, the unexpected, and the most utterly thoughtful. A love letter can be anything--from a brisk, casual E-mail asking a love interest to coffee to a handwritten marriage proposal that will serve as a family treasure always. Fun, flirtatious, intimate, provocative--a love letter can be any and all of these things. Even the simplest letter can cause a stir. Barrie Dolnick and Donald Baack have collected a wide range of letters--from old family keepsakes to casual and proper office E-mails. The authors demonstrate and explain, to both women and men, that writing a love letter is about turning sincere affection or intrigue into a unique, cherishable gesture, no matter how small the occasion or how short and uncomplicated the note. Whether you're shy and have trouble expressing your feelings face to face, or you're a romantic at heart who wants to learn more effective ways to communicate, *How to Write a Love Letter* is your ultimate inspiration and guide. Go ahead. Fan the flames of a fledgling romance, or tell your husband of forty years that you still adore him as much as you did the day you first married him. Words are sexy, romantic, and wondrous. Letters are legacies. Learn the art today, and improve your life. Julie, My life is starting to become different, even if my days seem the same. And I must confess that it's you who has changed my outlook. You have opened my eyes to some amazing new possibilities. Your touch is so gentle, your kisses are so delicious, and your body is soft when it presses against me. I will forever be filled with a new sense of wonder and joy, because you have shared these things with me. I must confess that in some ways I feel inadequate. Can I match your gentleness? Can I give any feeling as warm and secure as the one you have bestowed on me? You have chosen to show me such strong passion combined with such sweet affection, and I can only hope you feel a glimpse of the same from me. Our time together is very special. There are very few moments that a man knows will linger with him for the rest of his life, and you have already given me many. Thank you for being such an extraordinary part of my life. I hope we will continue this journey together for a long time to come. John

In *Pour Your Heart Into It*, former CEO and now chairman emeritus Howard Schultz illustrates the principles that have shaped the Starbucks phenomenon, sharing the wisdom he has gained from his quest to make great coffee part of the American experience. The success of Starbucks Coffee Company is one of the most amazing business stories in decades. What started as a single store on Seattle's waterfront has grown into the largest coffee chain on the planet. Just as remarkable as this incredible growth is the fact that Starbucks has managed to maintain its renowned commitment to product excellence and employee satisfaction. Marketers, managers, and aspiring entrepreneurs will discover how to turn passion into profit in this definitive chronicle of the company that "has changed everything... from our tastes to our language to the face of Main Street" (*Fortune*).

If you stop any person on the street and ask them what causes heart disease, you know what their answer will be: butter and eggs, meat and fat. This infamous Diet-Heart Hypothesis was proposed in 1953, and it took scientists all over the world a few decades to prove it wrong. The trouble is that while science was beginning to cast doubt upon its basic tenets, the Diet-Heart Hypothesis was giving rise to a powerful and wealthy political and commercial machine with a vested interest in promoting it—by means of anti-fat and anti-cholesterol propaganda presented relentlessly and with increasing intensity. In this book Dr. Campbell-McBride tackles the subject of CHD (Coronary Heart Disease), caused by atherosclerosis, a disease of the arterial wall that leads to narrowing and obstruction of the arteries. She maintains that conventional medicine does not actually know the cause of atherosclerosis or how to cure it, and explores in this book what it is, what causes it, and how to prevent and reverse it. She dispels the myth of the Diet-Heart Hypothesis, and explains that cholesterol is not the enemy but an integral and important part of our cell membranes.

I lost her. No, I didn't lose her. I threw her away. She was my best friend. I was never supposed to fall in love with her. I was careless. She was heartbroken. I thought I was doing fine. But here she is, years later, forced to work with me, reminding me why I fell in love with her in the first place. And this time I'm going to do everything in my power to never let her go.

Losing means grieving. Grieving means choices. Choices mean hurt or healing. You've lost someone you love. Or you're on the brink of losing your marriage. Your dreams. Your health. Or perhaps the trauma of your past pursues you into the present. Your life's going to change. Which way it goes won't be decided by your loss, but by the choices you make. At the crossroads of grief, one road will lead to hope and healing. The other, to more hurt. *Hope When Your Heart Is Breaking* is an honest look at both roads, and how your greatest loss can lead to your greatest gain. Author Ron Hutchcraft writes from the deep well of his own devastating loss and grief, and points you to the practical steps that lead to peace and wholeness. This book is a pathway to hope—a roadmap through the pain of grief and loss. Discover new strength through a new closeness to others and to God. And make the decisions that lead to comfort, growth, and life.
