 is some of the best Swamp Thing story's you can read, there is a hardback version in two part but you can buy the single volumes, there are eight of them, far cheaper.

Saga of the Swamp Thing, Book 1: Amazon.co.uk: Moore, Alan ...

In the early 1980s, the Swamp Thing was revived in a series entitled The Saga of the Swamp Thing with writer Martin Pasko leading the charge. While it stretched out till issue #19, its unpopularity and poor sales led DC Comics to consider cancellation until the editorial teams offered to hand over the reins to writer Alan Moore who was mostly only known for 2000 AD and V for Vendetta during this period.

Key Collector Comics - Swamp Thing (Saga of the)
 The Saga of the Swamp Thing (vol. 2) #21
 (Feb. 1984), "The Anatomy Lesson", signaled a change in the character's mythos by having an obscure supervillain, the Floronic Man (Jason Woodrue), perform an autopsy on the Swamp Thing's body and discover it was only superficially human, its organs little more than crude, nonfunctional, vegetable-based imitations of their human counterparts, indicating that the Swamp Thing could never have been human.

Swamp Thing (comic book) - Wikipedia
 With the stories collected here, the saga of DC's horror legend evolves from the story of a man transformed into a monster, bemoaning his condition, to the story of a creature discovering a greater awareness of an elemental champion representing everything green and growing and the Earth entire, making a character once known for his simplicity infinitely more complex and three-dimensional, the stories taking on a stronger, stream-of-consciousness feel, almost hallucinatory in many aspects ...

Amazon.com: Swamp Thing Vol. 1: Saga of the Swamp Thing ...
 With modern-day issues explored against a backdrop of horror, The Swamp Thing stories became commentaries on environmental, political and social issues, unflinching in their relevance. Saga of the Swamp Thing Book One collects issues #20-27 of this seminal series including the never-before-reprinted Saga of The Swamp Thing #20, where Moore takes over as writer and concludes the previous storyline.

Saga of the Swamp Thing Covers - Cover Browser
 Swamp Thing (Volume 1)
 was published from November 1972 to September of 1976 and featured the character of Alec Holland, aka, the Swamp Thing. The Swamp Thing was created by Len Wein and Bernie Wrightson. Holland was a re-imaginining of an earlier Swamp Thing concept introduced in the pages of House of Secrets #92.

"This collection of issues #57-64 of SWAMP THING begins across the galaxy, where the Swamp Thing's consciousness has been hurled. Trying to find his way back to Earth, Swamp Thing stops over on Thanagar, home of Hawkman; Rann, home of Adam Strange; and encounters the Green Lantern of a world of sentient plants**"--**

All the groundbreaking Saga of the Swamp Thing graphic novels by Alan Moore, the writer of Watchmen and V For Vendetta, in a gorgeous slipcase box set! Before Watchmen, Alan Moore made his debut in the U.S. comic book industry with the revitalization of the horror comic book The Swamp Thing. His deconstruction of the classic monster stretched the creative boundaries of the medium and became one of the most spectacular series in comic book history. With modern-day issues explored against a backdrop of horror, The Swamp Thing stories became commentaries on environmental, political, and social issues, unflinching in their relevance. Created out of the Swamp by a freak accident, Swamp Thing is an elemental creature who uses the forces of nature and wisdom of the plant kingdom to fight the polluted world's self-destruction. Alan Moore took the Swamp Thing to new heights in the 1980s with his unique narrative approach. His provocative and groundbreaking writing, combined with masterly artwork by some of the medium's top artists, made Swamp Thing one of the great comics of the late twentieth century. Book One begins with the story The Anatomy Lesson, a haunting origin story that reshapes Swamp Thing mythology with terrifying revelations that begin a journey of discovery and adventure that will take him across the stars and beyond. In this second collection, The Swamp Thing says goodbye to the illusion of his own humanity after learning that he is 100% plant, meets a crew of benevolent alien invaders inspired by the classic comic strip Pogo (also set in the swamp), and consummates his relationship with Abigail Arcane as only he could. The third volume is brimming with visceral horrors including underwater vampires, a werewolf with an unusual curse, the hideous madman called Nukeface. Best of all, this volume features the comics debut of John Constantine, Hellblazer, who launches Swamp Thing on a voyage of self-discovery that will take him from the darkest corners of America to the roots of his own long-hidden heritage. Volume four brings Swamp Thing's quest for self-discovery with the mystic John Constantine to its shattering conclusion. A harbinger of doom has been released with the sole charge of waking an evil beyond comprehension, and Swamp Thing, John Constantine, Deadman, The Phantom Stranger, Etrigan the Demon, The Spectre and other masters of the occult must unite against the dark forces that threaten to eradicate Heaven's light. The fifth volume begins as Swamp Thing returns from his sojourn to hell, only to learn that his girlfriend Abby is being persecuted for their "unnatural relations." When she skips town for Gotham City, he follows and runs afoul of Batman, Lex Luthor, and the Gotham City Police Department. The sixth and final volume collects Moore's entire run, reprinting issues #57-64 and features the classic stories Loving the Alien and All Flesh is Grass.

Suggested for mature readers.

Before WATCHMEN, Alan Moore made his debut in the U.S. comic book industry with the revitalization of the horror comic book THE SWAMP THING. His deconstruction of the classic monster stretched the creative boundaries of the medium and became one of the most spectacular series in comic book history. With modern-day issues explored against a backdrop of horror, SWAMP THING's stories became commentaries on environmental, political and social issues, unflinching in their relevance. SAGA OF THE SWAMP THING Book One collects issues #20-27 of this seminal series including the never-before-reprinted SAGA OF THE SWAMP THING #20, where Moore takes over as writer and concludes the previous storyline. Book One begins with the story 'The AnatomyLesson,' a haunting origin story that reshapes SWAMP THING mythology with terrifying revelations that begin a journey of discovery and adventure that will take him across the stars and beyond.

Before the groundbreaking graphic novel Watchmen, Alan Moore made his debut in the U.S. comic book market with the revitalization of the horror comic book Swamp Thing. Moore's classic, critically acclaimed Swamp Thing stories are now collected with brand-new coloring in Absolute Swamp Thing by Alan Moore Vol. 1. In 1983, a revolutionary English writer joined a trio of trailblazing American artists to revitalize a longstanding comic book icon. By the time they'd finished their work four years later, SWAMP THING by Alan Moore, Stephen R, Bissette, John Totleben, and Rick Veitch was universally recognized as one of the handful of titles that defined a new era of complexity and depth in modern graphic storytelling, and their run on the series remains one of the medium's most enduring masterpieces. Now DC Comics and Vertigo are proud to present an all-new vision of this landmark achievement. Comprising three deluxe hardcover volumes, ABSOLUTE SWAMP THING BY ALAN MOORE debuts completely new coloring for every page, crafted exclusively for this definitive collector's edition by legendary color artist Steve Oliff (Akira, Miracleman). This first volume includes the issues THE SAGA OF THE SWAMP THING #20-34 and SWAMP THING ANNUAL #2 and features a monumental new afterword from Bissette accompanied by a wealth of historic behind-the-scenes material from the title's original creative team.

Regarded as one of the most influential writers in comics today, this volume includes some of Moore's seminal superhero stories in these classic tales, among them 'Whatever Happened to the Man of Tomorrow' and 'The Killing Joke'.

He has become a modern legend, this mysterious creature of the Louisiana bayou. Feared as a monster, hailed as a god, by turns wonderfully benevolent and pitiless in his wrath, the Swamp Thing has carved his unique niche in the American Landscape. Writer Len Wein and legendary horror artist Bernie Wrightson, the original creators of the most complex creature in comics, brought the "Swamp Thing" to life in an 8-page story from House of secrets #92. Now that classic story, plus the first ten issues of SWAMP THING Volume One, are reprinted in a new edition of Swamp thing - Dark genesis. In "Dark genesis", learn the astonishing secret of Swamp Thing's "birth"; share the forbidden passions of Anton Arcane and the measureless sorrow of the Patchwork Man; shiver to the timeless horror of the witch named Rebecca Ravenwind and of a tortured Scottish werewolf. These eleven stories are not merely acknowledged classics of the comics field; they are an incredible reading experience, and the ideal introduction to the many-faceted creature known as Swamp Thing.

As the Swamp Thing tries to get on with his life, a mysterious woman named Anna hopes to get on with her death. A writer by trade, Anna longs to drown her sorrows in a watery grave. But her brilliant stories won't let her rest until she finishes telling them--and the Swamp Thing is their missing masterpiece. Now the avatar of the Green must ride its currents into a series of strange new worlds-warped realities that exist nowhere except in Anna's troubled mind: a New Orleans where the dead walk and black magic rules; an America that lost World War II and is reborn as a republic of horror; and a swamp where a former superhero learns a terrible secret. Waiting at the end of this river of stories is a force that could drown the Swamp Thing--and the world--in a final flood of darkness. Comics superstar Mark Millar and a parliament of comics' finest artists--including Phil Hester, Kim DeMuller, Chris Weston, Jill Thompson and Phil Jimenez--present SWAMP THING: DARKER GENESIS, a tour de force of imaginative power collecting issues #151-160 of the original VERTIGO series.

The acclaimed Swamp Thing returns in a story that explores this seminal character's history, set against a backdrop of Nixon's America and unnatural disasters! As the state of Louisiana is ravaged by a hurricane, a world-weary Swamp Thing retires to the dark waters that created him to forget his past and abandon the natural order he is responsible for. Dr. Jordan Schiller, a man who shared a complicated history with the man Swamp Thing used to be, must convince him otherwise - just as something horrific beneath the Mexican sea begins to rise... A worthy successor to an already legendary series, this is gothic horror as deep, dark and savage as the swamp it's set in!

What does it take to grow a Swamp Thing? Find out in 'Growth Patterns,' as the being regrows himself one day--and leaf--at a time! John Constantine makes his comic book debut as an evil peers into the DC Universe.
