Saints Behaving Badly ...

There's St. Olga, who unleashed a

bloodbath on her husband's

assassins; St. Mary of Egypt, who

trolled the streets looking for new

sexual conquests; and Thomas

Becket, who despite his vast riches

refused to give his cloak to a man

freezing to death in the street.

with phrases such as, “he/she was once a great sinner.” In the early centuries of the Church and throughout the Middle Ages, however, writers took a more candid and spirited approach to portraying the saints. Exploring sources from a wide range of periods and places, Thomas Craughwell discovered a veritable rogues gallery of sinners-turned-saints. There’s St. Olga, who unleashed a bloodbath on her husband’s assassins; St. Mary of Egypt, who trolled the streets looking for new sexual conquests; and Thomas Becket, who despite his vast riches refused to give his cloak to a man freezing to death in the street. Written with wit and respect (each profile ends with what inspired the saint to give up his or her wicked ways), *Saints Behaving Badly* will

Access Free Saints Behaving Badly The

entertain, inform, and even inspire Catholic readers across America.

This richly detailed chronicle brings to life the personalities of Attila the Hun, Alaric the Goth, Genghis Khan, and many other barbarian kings and chieftains whose rampages across Europe, Asia, and North Africa changed the course of history. In this highly readable and authoritative book, author Thomas J. Craughwell draws upon the latest historical and archaeological research to reveal the impact of the barbarian invasions on the modern world: from the establishment of the English language, to the foundation of world capitals such as Dublin, to the introduction of gunpowder to Europe. Illustrated with more than 100 archival images gathered from around the world.

A finger, a lock of hair, a crucifix, a chalice—if such items belonged to a saint, they are considered to be relics and as such are venerated by the Catholic Church. Anyone who thinks that relics are remnants of the Middle Ages should log on to eBay. On any day of the week the online shopper will find a thriving business in the sale of these items, ranging from the dust from the tomb of Christ to splinters of the True Cross to bone fragments of countless holy men and women. In *Saints Preserved: An Encyclopedia of Relics*, author Thomas J. Craughwell takes us on an exhilarating journey through the life and death of more than three hundred saints and along the way enlightens us about the sometimes strange bits and pieces that the saints left behind. Including

Access Free Saints Behaving Badly The

entries on the famous (Saint Peter, Saint Francis, Saint Thérèse of Lisieux) and the not so famous (Saint Foy, Saint Sicaire, Saint Chrysogonus), Saints Preserved also features information on such notable relics as the Holy House where Jesus, Mary, and Joseph lived; the Crown of Thorns; the Holy Grail; and the seven places that claim to possess the head of Saint John the Baptist—among them a mosque in Damascus. Moreover, this book includes major relics that are enshrined in the United States—for example, the complete skeleton of the Roman martyr Saint Vibiana enshrined in a cathedral in Los Angeles. From the extraordinary Aachen relics to the remains of Saint Zita, Saints Preserved is an indispensable compendium for spiritual seekers, history buffs, and anyone interested in

deepening their understanding of the Catholic faith.

Worshippers Who Became
Saints

In this fascinating account of the search for the remains of the world's first pope, none other than Peter, the chief apostle of Jesus, Thomas J. Craughwell takes us on one of the most exciting archaeological finds of the twentieth century. In 1448 a team of architects and engineers brought Pope Nicholas V unhappy news: the 1,100-year-old Basilica of St. Peter suffered from so many structural defects that it was beyond repair. The only solution was to pull down the old church--one of the most venerable churches in all of Christendom--and erect a new basilica on the site. Incredibly, one of the tombs the builders paved over was the resting place of St. Peter. Then in 1939, while

Access Free Saints Behaving Badly The

reconstructing the grottoes below St. Peter's Basilica, a workman's shovel struck not dirt or rock but open air. After inspecting what could be seen through the hole they'd made in the mausoleum's roof, Pope Pius XII secretly authorized a full-scale excavation. What lay beneath? The answer and the adventure await. In this riveting history, facts, traditions, and faith collide to reveal the investigation, betrayals, and mystery behind St. Peter's burial place.

Explores the stories of the origins of Marian prayers and hymns, recalls great miracles and apparitions, and celebrates the lives of saints who were especially devoted to Mary, concluding each entry with a brief prayer or biblical text that reinforces the message of the day.

On the night of the 1876 presidential election, a gang of counterfeiters attempted to steal the entombed embalmed body of Abraham Lincoln and hold it for ransom. Craughwell returns to this bizarre, and largely forgotten, event with the first book to place the grave robbery in historical context. This rousing story of hapless con men, intrepid federal agents, and ordinary Springfield citizens offers an unusual glimpse into late-nineteenth-century America.

Veteran author Thomas J. Craughwell reveals the fascinating tales of how the barbarian rampages across Europe, North Africa, and Asia -- killing, plundering, and destroying whole kingdoms and empires -- actually created the modern nations of

Access Free Saints Behaving Badly The England, France, Russia, and China.

A guide to finding the right saint to pray to depending on the occasion.

Among the 101 saints profiled are patrons for parents facing divorce, single parenthood, troublesome in-laws, and disappointing kids; saints to watch over children at play and at school, as they watch TV or surf the web; saints for students and sports lovers; and patrons for many contemporary social issues, from homelessness to racial discrimination to AIDS.

Emerging out of the vast steppe grasslands of Central Asia in the early 1200s, the Mongols, under their ferocious leader, Genghis Khan, quickly carved out an empire that by the late thirteenth century covered

Access Free Saints Behaving Badly The

almost one-sixth of the Earth's landmass—from Eastern Europe to the eastern shore of Asia—and encompassed 110 million people. Far larger than the much more famous domains of Alexander the Great and ancient Rome, it has since been surpassed in overall size and reach only by the British Empire. *The Rise and Fall of the Second Largest Empire in the World* recounts the spectacularly rapid expansion and dramatic decline of the Mongol realm, while examining its real, widespread, and enduring influence on countless communities from the Danube River to the Pacific Ocean.

New York Times columnist Alina Tugend delivers an eye-opening big idea: Embracing mistakes can make us smarter, healthier, and happier in

Access Free Saints Behaving Badly The

every facet of our lives. In this persuasive book, journalist Alina Tugend examines the delicate tension between what we're told—we must make mistakes in order to learn—and the reality—we often get punished for them. She shows us that mistakes are everywhere, and when we acknowledge and identify them correctly, we can improve not only ourselves, but our families, our work, and the world around us as well. Bold and dynamic, insightful and provocative, *Better by Mistake* turns our cultural wisdom on its head to illustrate the downside of striving for perfection and the rewards of acknowledging and accepting mistakes and embracing the imperfection in all of us.
