unique being. Her extraordinary magic makes her the most powerful witch alive -- and a notorious social outcast. While Satomi, the leader of the witches' ruling Primes, hails Mirei as a miracle, rival Primes proclaim that Mirei is an evil abomination...and that those who champion her must be destroyed. Now the different witch factions engage in a bloody war with magic, treachery, and murder. But both sides may be fighting for nothing. in this powerful work on the practice of international relations. "It is where the greatest issues of the human condition are played out." A distinguished lifelong diplomat and educator, Hill aims to revive the ancient tradition of statecraft as practiced by humane and broadly educated men and women. Through lucid and compelling discussions of classic literary works from Homer to Rushdie, *Grand Strategies* represents a merger of literature and international relations, inspired by the conviction that "a grand strategist . . . needs to be immersed in classic texts from Sun Tzu to Thucydides to George Kennan, to gain real-world experience through internships in the realms of statecraft, and to

Avi Steinberg is stumped. After defecting from yeshiva to attend Harvard, he has nothing but a senior thesis on Bugs Bunny to show for himself. While his friends and classmates advance in the world, Steinberg remains stuck at a crossroads, his “romantic” existence as a freelance obituary writer no longer cutting it.

Seeking direction (and dental insurance) Steinberg takes a job running the library counter at a Boston prison. He is quickly drawn into the community of outcasts that forms among his bookshelves—an assortment of quirky regulars, including con men, pimps, minor prophets, even ghosts—all searching for the perfect book and a connection to the outside world. Steinberg recounts their daily dramas with heartbreak and humor in this one-of-a-kind memoir—a piercing exploration of prison culture and an entertaining tale of one young man's earnest attempt to find his place in the world.

Criminal defense attorney Suzannah Phelps is the bane of the Fredericton police department (they call her She-Rex for her habit of shredding cops in the witness box). She is currently being stalked, but is reluctant to report it to the police, whom she half suspects of being the perpetrators. But when Detective John (Quigg) Quigley learns of it, he's determined to protect her, at considerable risk to his career. They've struck sparks off each other in the courtroom, and he's burning to do the same in the bedroom. When the danger
