American Speakout follows a balanced approach to topics, language development and skills work. Speaking activities are prominent, but not at the expense of the other core skills of reading, writing and listening, which are developed systematically throughout. ActiveTeach contains everything you need ...

The Students' Book has a motivating DVD spread at the end of every unit. Based on authentic clips from the BBC's rich archive, these lessons are designed to consolidate language and act as a springboard for further speaking and writing tasks. Advanced: B2+ to C1, Global Scale of English 67-76

Speakout is a comprehensive English course that helps adult learners gain confidence in all skills areas using authentic materials from the BBC. With its wide range of support material, it meets the diverse needs of learners in a variety of teaching situations and helps bridge the gap between the classroom and the real world.

Each unit of Speakout opens with a clear overview of the content and learning objectives. The course covers all 4 skills areas as well as grammar and vocabulary and functional grammar. Each unit culminates with a DVD lesson based around an extract from a real BBC programme. The Active Book includes: Easy navigation of the Students' Book pages with zoom facility Video and audio available at the touch of a button Video Podcasts with accompanying worksheets BBC programme clips that can be played in a DVD player or computer

'Speakout' is a 6-level general English course for adults, bridging the gap between the classroom and the real world helping students express themselves in English.

The renowned philosopher and political theorist presents a summation of his influential work in this series of Columbia University lectures. A pioneer in the fields of modern linguistics and cognitive science, Noam Chomsky is also one of the most avidly read political theorist of our time. In this series of lectures, Chomsky presents more than half a century of philosophical reflection on all three of these areas. In precise yet accessible language, Chomsky elaborates on the scientific study of language, sketching how his own work has implications for the origins of language, the close relations that language bears to thought, its eventual biological basis. He expounds and criticizes many alternative theories, such as those that emphasize the social, the communicative, and the referential aspects of language. He also investigates the apparent scope and limits of human cognitive capacities. Moving from language and mind to society and politics, Chomsky concludes with a philosophical defense of a position he describes as "libertarian socialism," tracing its links to anarchism and the ideas of John Dewey, and even briefly to the ideas of Karl Marx and John Stuart Mill. Demonstrating its conceptual growth out of our historical past, he also shows its urgent relation to our present moment.

Speakout is a comprehensive English course that helps adult learners gain confidence in all skills areas using authentic materials from the BBC. With its wide range of support material, it meets the diverse needs of learners in a variety of teaching situations and helps bridge the gap between the classroom and the real world.
