Reselling sneakers is a billion-dollar industry. The idea that reselling sneakers can make you thousands if not millions of dollars every year is unfathomable to many. The increase in its popularity every year shows there is no slowing it down either. Big time businesspeople and celebrities have now become invested in the sneaker industry. The likes of Mark Cuban, JR Smith, DJ Khaled are all involved in the resell game in one way or another. Even sneaker resellers have become celebrities in their own respect. Resellers such as Jayce Lopez of Urban Necessities and Sean Woterspoon of Round Two both have a respectable following on their social media platforms.The reason I decided to write this book is because of family, friends, friends of friends, friends of friends of friends, and even strangers who inquire about the art reselling sneakers. I was tired of hearing the same thing every time, "Yo, what's the resale value on this?" So, I decided to write this book to give anyone who ever asks me again, "bro, how do I resell sneakers?" a good sense of how it works.

The sneaker world is now a \$1 billion business. You too can cash in on the resale market. In this volume, we discover the world of sneaker terminology, how to get started in the basic method, how to build your inventory, how to price, some cautionary tales and much much more.

Every Sneaker Story Worth Telling! A 15-year anthology of cult magazine Sneaker Freaker When self-acclaimed Sneakerhead Simon "Woody" Wood decided to pursue his love of sneakers--and freebie footwear--with a publication, the mighty Sneaker Freaker was born. From its punk fanzine style first edition in 2002 to today's slick print and online operation, the independent magazine has remained at the fore of the global sneaker scene, documenting every collab, limited edition, retro reissue, Quickstrike, custom shoe and more, with raw, fastidious passion. This massive anthology celebrates 15 years of Sneaker Freaker, featuring the magazine's finest pages together with over 130 pages of expert sneaker content never seen before. As "funny and serious, meaningful and pointless at the same time" as the magazine's own ethos, the book packs in more than 650 pages of dense insider knowledge, hundreds of beautiful photos, as well as Woody's own observational observations. The book rollicks through some 100 years of sneaker history, documenting Air Max, Air Force, All Stars, Dapper Dan, Michael Jordan, Reebok Pump, and Mike Skateboarding, alongside more obscure treasures like Troop, SPX, and Vision Street Wear. All the major sneaker moments are all there, from Kanye to adidas Futurecraft, Mike Air Force 1 to New Balance, as well as landmark collabs, leading advertising campaigns, and crux talking points, not least Nike vs adidas. All Sneaker Freaker pages have been meticulously redesigned for this book edition, with fresh updates bringing every story up to speed, while preserving the charm of the original prose. Through all the limited editions, customs, retro reissues, and samples, this is the definitive source of sneaker knowledge you'll love as hard as your Beaters. "The most definitive sneaker culture magazine on the planet!" -- MTV
