From the author/illustrator of The Scrambled States of America, here is Laurie Keller's fun-filled introduction to teeth. "Before the principal's announcements, will you all please stand and recite our pledge: 'I pledge allegiance to this mouth and to the dentist who takes care of us. And to the gums on which we stand, strong and healthy, with toothbrushes and toothpaste for all.'" In Open Wide, it's time for tooth school and Dr. Flossman is excited to meet the incoming class of 32--eight incisors, four canines, eight premolars, and twelve molars, including the four wisdom teeth. There's just so much to learn--from brushing and flossing to dentin and pulp to every student's nightmare: tooth decay! Best read with a toothbrush in hand, this hilarious book is full of interesting facts (for instance, George Washington's teeth were not made of wood, despite popular belief) and a classroom full of quirky characters. Young readers will laugh their way to a better appreciation for those pearly whites that beckon them to brush. And from there it's just a short hop to flossing. This title has Common Core connections.

A black writer's emotional response to American racism is juxtaposed with the logical analyses of a social scientist

Traces the history of New York graffiti, shows a variety of painted subway cars, and describes the graffiti writers and how they work

Lost in modern myth, false history and general misinterpretation, the Ninja have been misrepresented for many years. More recently, a desire for a more historical view of the ninja has become a popular theme in the history/martial arts community and Antony Cummins is the primary driving force behind that movement. In Search of the Ninja is based upon the Historical Ninjutsu Research Team 's translations of the major ninja manuals and consists of genuinely new material. Little historical research has been done on the Ninja of Japan. Here for the first time the connection of the famous Hattori family warriors with the Ninja is explained. The Samurai versus Ninja myth is dispelled. The realities of Ninja skills are analysed. How did a Ninja work underwater when mining castle walls? How can a bird be used to set fire to the enemy 's camp? The book explores newly discovered connections to ancient Chinese manuals, lost skills and the 'hidden' Zen philosophy that the Ninja followed. In Search of the Ninja is the first and only historical look at the shinobi of ancient Japan.

THE #1 NEW YORK TIMES BESTSELLER IS NOW A MAJOR-MOTION PICTURE DIRECTED BY RON HOWARD AND STARRING AMY ADAMS, GLENN CLOSE, AND GABRIEL BASSO "You will not read a more important book about America this year."—The Economist "A riveting book."—The Wall Street Journal "Essential reading."—David Brooks, New York Times Hillbilly Elegy is a passionate and personal analysis of a culture in crisis—that of white working-class Americans. The disintegration of this group, a process that has been slowly occurring now for more than forty years, has been reported with growing frequency and alarm, but has never before been written about as searingly from the inside. J. D. Vance tells the true story of what a social, regional, and class decline feels like when you were born with it hung around your neck. The Vance family story begins hopefully in postwar America. J. D. 's grandparents were "dirt poor and in love," and moved north from Kentucky 's Appalachia region to Ohio in the hopes of escaping the dreadful poverty around them. They raised a middle-class family, and eventually one of their grandchildren would graduate from Yale Law School, a conventional marker of success in achieving generational upward mobility. But as the family saga of Hillbilly Elegy plays out, we learn that J.D.'s grandparents, aunt, uncle, sister, and, most of all, his mother struggled profoundly with the demands of their new middle-class life, never fully escaping the legacy of abuse, alcoholism, poverty, and trauma so characteristic of their part of America. With piercing honesty, Vance shows how he himself still carries around the demons of his chaotic family history. A deeply moving memoir, with its share of humor and vividly colorful figures, Hillbilly Elegy is the story of how upward mobility really feels. And it is an urgent and troubling meditation on the loss of the American dream for a large segment of this country.

Start Your Journey to Master the Bible. The problem most of us have with the Bible is that we started out studying the details without ever getting the big picture. It 's no wonder we 're confused! In the Colorado Rockies, there are so many mountain peaks, nobody could climb them all. But there are 53 peaks that are over 14,000 feet. And many hikers try to climb all 53 fourteeners. That 's what Max Anders does in this Bible study. You 'll look at only the fourteeners – a manageable amount of information. In 30 days, you 'll have a complete understanding of the story of the Bible and the core teachings or doctrines that Christians have held onto throughout the centuries, presented in bite-sized pieces. After you have mastered the fourteeners, you will have the basic information you need for hiking the smaller peaks. Anders ' simple-to-use, straightforward guide has been recommended by Bible teachers and pastors for thirty years, and now he can join your Bible study and launch you on a journey of mastering the Bible so well that the Bible masters you. Sessions include: An Overview of the Bible The Early History of Israel (Patriarch – Kingdom Eras) The Later History of Israel (Exile – Silence Eras) The History of the Church (Gospel – Missions Eras) The Great Doctrines: the Bible, God, Christ, the Holy Spirit, and Angels The Great Doctrines: Man, Sin, Salvation, the Church, and Future Things Designed for use with 30 Days to Understanding the Bible Video Study (9780310112181), sold separately. Streaming video also available.

The states become bored with their positions on the map and decide to change places for a while, in a story that includes facts about the states.
