Candace Tapers' life finally takes an upward swing when Nathan Dumont, shipping heir and notorious playboy, sweeps her away to a lifestyle of wealth and privilege. But that life comes with strings, and she is soon pulled in directions she never expected, discovering secrets and ulterior motives in the man who shares her bed.

From New York Times Bestseller Alessandra Torre... Everyone in Nashville knows Nathan Dumont. That's what happens when you develop half a town and sleep with the rest. Four years ago, his fiancée disappeared. Last night, he proposed to me. I'd wanted to escape my life, the seedy strip club and the mountain of bills. I had seized the opportunity to live in a mansion, fill my days with country clubs and caviar, my nights with romance and sex. Maybe I should have done my homework first.

Find out what is the difference between a Master Mind and any other form of Mind, how to achieve the true mental power and efficiency. The ordinary mind is a mere creature of circumstances, driven hither and thither by the winds of outside forces, and lacking the guidance of the hand on the wheel, and being without the compass; while the Master Mind proceeds in the true course mapped out by Intelligence, and determined by will. The Master Mind is consciously, deliberately, and voluntarily built up, cultivated, developed, and used; whereas the ordinary mind is usually unconsciously built up, cultivated, and developed by the force and power of impressions from the outside world, and is usually employed and used with little or no conscious direction by its own will. The ordinary mind is like a dumb, driven animal, while the Master Mind is like the strong-willed, intelligent, masterful Man. William Walker Atkinson (1862-1932) was a prolific writer. His works treat themes related to the mental world, occultism, divination, psychic reality, and mankind's nature. They constitute a basis for what Atkinson called "New Psychology" or "New Thought".

What triggers a tornado? What can you see in the eye of a hurricane? What's the difference between a thunderbolt and a thunderclap? Popular author and artist Eric Sloane proves why weather is something best understood by seeing it. His illustrated book shows weather "happening." In fact, there's not a sunny page in it—nothing but cyclonic storms, whirlwinds, waterspouts, lightning bolts, and other fascinating, weather-related topics. More than seventy pages of drawings and diagrams make the weather come alive in a book that examines everything from storm mechanisms and cold fronts to the birth of a thunderhead. A valuable resource for learning more about everyone's favorite topic for conversation and speculation, Eric Sloane—the "Weather Wizard"—has the countryman's simple and natural comprehension to give substance to his scientific and artistic insights. What especially distinguishes this volume from his other books on the subject is the focus on a detailed treatment of the more spectacular and destructive elements of weather phenomena. His belief is that if this book "gets one to look upward more often, it will have accomplished a purpose."

A crack shot, expert skinner and tanner, seamstress, sculptor, and later writer—a list that only hints at her intelligence and abilities—Ella Elgar Bird Dumont was one of those remarkable women who helped tame the Texas frontier. First married at sixteen to a Texas Ranger, she followed her husband to Comanche Indian country in King County, where they lived in a tepee while participating in the final slaughter of the buffalo. Living off the land until the frontier was opened for ranching, Ella and Tom Bird typified the Old West ideals of self-sufficiency and generosity, with a hesitancy to complain about the hard life in the late 1800s. Yet, in one important way, Ella Dumont was unsuited for life on the frontier. Endowed with an instinctive desire and ability to carve and sculpt, she was largely prevented from pursuing her talents by the responsibilities of marriage and frontier life and later, widowhood with two small children. Even though her second marriage, to Auguste Dumont, made life more comfortable, the realities of her existence still prevented the fulfillment of her artistic longings. Ella Bird Dumont's memoir is rich with details of the frontier era in Texas, when Indian depredations were still a danger for isolated settlers, where animals ranged close enough to provide dinner and a new pair of gloves, and where sheer existence depended on skill, luck, and the kindness of strangers. The vividness and poignancy of her life, coupled with the wealth of historical material in the editor's exhaustive notes, make this Texas pioneer's autobiography a very special book.

Natalia Kulikov has run a dozen years with arctic wolves before moving to the more sedate environment of Van Nuys to attend college and get in touch with her more human side. When she dials 911 to report a murder that she smells but does not see, Natalia alerts authorities to a facet of her existence she would prefer to have left hidden. Los Angeles police have been investigating unusual killings involving wolf bites and hit upon her call as the only lead in the case. Not only do the authorities take notice of her but criminal werewolves in Southern California see her as a threat. Her lone protector is a former French Canadian trapper who she can only love from a distance for fear their shared animal passions will destroy them. Jean Pierre Dumont is a dogcatcher with a unique understanding of his quarry. His success as an animal control officer for Los Angeles County stems from his own lycanthropic tendencies. Jean Pierre realizes the killers are fellow werewolves involved in the Los Angeles criminal underworld. He must hunt down and kill the others while hiding his true identity and protecting Natalia. The idiosyncrasies of this odd pair target them as suspects. The police trail Jean Pierre as he seeks out the other werewolves. Natalia, afraid that her unapproachable lover is responsible for the killings, also follows Jean Pierre, resulting in disastrous consequences. Jean Pierre becomes the prime suspect with Natalia as his accomplice. Natalia's arrest and subsequent escape lead to a city-wide man hunt. Both the police and the criminal werewolves trail Natalia as she alternately changes from human to wolfen to confuse her pursuers. Only when the opposing werewolves capture Jean Pierre does Natalia confront her tormentors. She must stay only a few steps ahead of the police to lead a crack inter-agency law enforcement team toward their true enemies. Natalia and Jean Pierre risk everything against overwhelming odds as the culmination of a dozen ancient curses descends.

From award-winning and bestselling author, Jewell Parker Rhodes comes a powerful coming-of-age story about two brothers, one who presents as white, the other as black, and the complex ways in which they are forced to navigate the world, all while training for a fencing competition. Framed. Bullied. Disliked. But I know I can still be the best. Sometimes, 12-year-old Donte wishes he were invisible. As one of the few black boys at Middlefield Prep, most of the students don't look like him. They don't like him either. Dubbing him "Black Brother," Donte's teachers and classmates make it clear they wish he were more like his lighter-skinned brother, Trey. When he's bullied and framed by the captain of the fencing team, "King" Alan, he's suspended from school and arrested. Terrified, searching for a place where he belongs, Donte joins a local youth center and meets former Olympic fencer Arden Jones. With Arden's help, he begins training as a competitive fencer, setting his sights on taking down the fencing team captain, no matter what. As Donte hones his fencing skills and grows closer to achieving his goal, he learns the fight for justice is far from over. Now Donte must confront his bullies, racism, and the corrupt systems of power that led to his arrest. Powerful and emotionally gripping, *Black Brother, Black Brother* is a careful examination of the school-to-prison pipeline and follows one boy's fight against racism and his empowering path to finding his voice.
