Already was the flame erect and quiet, To speak no more, and now departed from us
With the permission of the gentle Poet;
When yet another, which behind it came, Caused us to turn our eyes upon its top
By a confused sound that issued from it.
As the Sicilian bull (that bellowed first
With the lament of him, and that was right,
Who with his file had modulated it) Bellowed ...

THE INFERNO

An innovative and fascinating new version of Dante Alighieri’s Inferno as it has never been rendered Stopped mid-motion in the middle Of what we call a life, I looked up and saw no sky- Only a dense cage of leaf, tree, and twig. I was lost. --from Canto I
Award-winning poet Mary Jo Bang has translated the Inferno into English at a moment when popular culture is so prevalent that it has even taken Dante, author of the fourteenth century epic poem, The Divine Comedy, and turned him into an action-adventure video game hero. Dante, a master of innovation, wrote his poem in the vernacular, rather than in literary Latin. Bang has similarly created an idiomatically rich contemporary version that is accessible, musical, and audacious. She’s matched Dante’s own liberal use of allusion and literary borrowing by incorporating literary and cultural references familiar to contemporary readers: Shakespeare and Dickinson, Freud and South Park, Kierkegaard and Stephen Colbert. The Inferno--the allegorical story of a spiritual quest that begins in a dark forest, traverses Hell’s nine circles, and ends at the hopeful edge of purgatory--was also an indictment of religious hypocrisy and political corruption. In its time, the poem was stunningly new. Bang’s version is true to the original: lyrical, politically astute, occasionally self-mocking, and deeply moving. With haunting illustrations by Henrik Drescher, this is the most readable Inferno available in English, a truly remarkable achievement.

A translation of the classic poem about man's spiritual journey

Belonging in the immortal company of the works of Homer, Virgil, Milton, and Shakespeare, Dante Alighieri 's poetic masterpiece is a visionary journey that takes readers through the torment of Hell. The first part of Dante 's Divine Comedy is many things: a moving human drama, a supreme expression of the Middle Ages, a glorification of the ways of God, and a magnificent protest against the ways in which men have thwarted the divine plan. One of the few literary works that has enjoyed a fame both immediate and enduring, The Inferno remains powerful after seven centuries. It confronts the most universal values—good and evil, free will and predestination—while remaining intensely personal and ferociously political, for it was born out of the anguish of a man who saw human life blighted by the injustice and corruption of his times. Translated by John Ciardi With an Introduction by Archibald T. MacAllister and an Afterword by Edward M. Cifelli

This is a truly original retelling of Dante's epic journey that will surprise and renew the 21st-century reader's faith in the art of translation. Remarkably inventive, Ciaran Carson's Inferno deserves comparison with Seamus Heaney's Beowulf and Ted Hughes's Tales from Ovid.

Writing his "Comedy" (the epithet "Divine" was added by later admirers) in exile from his native Florence, Dante aimed to address a world gone astray both morally and politically. It tells the story of a character who is at one and the same time both Dante himself and Everyman.

The most cogent English translation of Dante's classic poem in years brings the epic poem of hell into the modern English language with subtle shadings of meaning intact. Reprint.

In his introduction, the translator says: "I suppose that a very great majority of English-speaking people, if they were asked to name the greatest epic poet of the Christian era in Western Europe, would answer Dante." THE DIVINE COMEDY continues to be widely read today, whether for its religious inspiration or for the sheer power of its verse. The first part of the epic, THE INFERNO, tells how the narrator "loses his way," and finds himself in a strange landscape he's never seen before. There he encounters the shade of the ancient Roman poet, Virgil, who offers to lead him through the nine circles of Hell. The damned of Dante's imagination, it's quite clear, have condemned themselves through their actions or inactions to become permanent prisoners of the nether regions. Down, down, down, go Dante and his guide, meeting friend and foe alike, with horror piled upon horror. Finally, they must climb Satan's body to find the only possible exit from this terrible place--where once more the poet will "see again the stars." A first-rate modern rendering of a literary classic!

This definitive edition of Dante's masterpiece — translated by the great American poet Henry Wadsworth Longfellow — features stunning engravings by Gustave Dor é , an eminent 19th-century illustrator of classics.
