Students who enroll into Wileyplus accounting can have a tough time getting accurate answers. Accounting is a broad subject, and without proper dedication to the subject, it gets challenging to ace it. Most of the accounting can be relatively easy except when it comes to theory, and there are lots of it.

**Accounting** of decisions made by organizations through the inclusion of a Continuing CaseStory, which puts business decisions into context and allows students to see the relevance of managerial accounting to their future careers.

Make smart business decisions! Recognizing that most students will become managers, and not accountants, Jiambalvo's Managerial Accounting, Second Edition focuses on the knowledge and skills that managers need to make good business decisions. Students and instructors alike have praised the clear and concise writing style – discussions are to the point, ideas are illustrated, and examples are presented to make the ideas concrete. Before you buy, make sure you are getting the best

Accounting opportunities along the way.

Combining the expertise of successful authors Paul Kimmel and Jerry Weygandt and the perspectives of two community colleges professors, DeAnna Martin and Jill Mitchell, this resource is the perfect blend of solid, time-tested content and a new streamlined design of embedded charts, lists, and illustrations that help students grasp difficult concepts.

Focusing on research that examines individual and organizational behavior relative to accounting, this series promotes research across all areas of behavioral accounting, and encourages the development, discussion and expansion of theories from psychology, sociology and related disciplines to better understand accounting domains.

Intermediate Accounting: IFRS Edition provides the tools global accounting students need to understand IFRS and how it is applied in practice. The emphasis on fair value, the proper accounting for financial instruments, and the new developments related to leasing, revenue recognition, and financial statement presentation are examined in light of current practice. Global Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, and discuss the ongoing joint convergence efforts to resolve them.

Comprehensive, up-to-date, and accurate, Intermediate Accounting: IFRS Edition includes proven pedagogical tools, designed to help students learn more effectively and to answer the changing needs of this
