This project-based examination of World War II explores the topic through answering major questions that define this period in history. Learners will tackle challenges and questions through an extended process of investigation and contextualization, guided by historical facts and events that help students refine their research and focus their projects. Placing WWII in a real-world context will lend authenticity to their understanding of the war's depth and significance. Students will retain autonomy over their process, reflect on what they've learned, and share their process with peers and teachers. The result of each project is an actual product students will present to their peers.

Robert M. Edsel brings the story of his #1 NYT bestseller for adults *The Monuments Men* to young readers for the first time in this dynamic, narrative nonfiction project packed with photos.

Contains twenty reproducible worksheets designed to help students in grades four through eight conduct Internet searches on events in American history, each with reading-comprehension questions and graphic organizers.

Bring your classroom into the 21st century using the Internet! Useful strategies, An annotated list of teacher-tested websites, and easy-to-follow lesson plans for all content areas make this resource a perfect guide for integrating the Internet into the curriculum. Student activities, student research suggestions, and 24 model lessons that clearly demonstrate how to effectively use websites are provided along with information on teacher and student resource sites. The open-ended activities help students develop thinking skills and learn to search the Web and evaluate websites. Topics covered include computer management, differentiation, safety issues, searching the Internet, copyright guidelines, and more. The Teacher Resource CD provided includes reproducible teacher resource materials. 296pp.

autonomy over their process, reflect on what they've learned, and share their process with peers and teachers. The result of each project is an actual product students will present to their peers.

This book contains 50 clue-based questions that will send you on a scavenger hunt throughout the city. If you want to add a little bit of history into your travels, then you won't want to miss this book!

This book tells the story of Slovak underground member Maria Gulovich's unlikely heroism, focusing on the former elementary schoolteacher's courageous actions in saving American OSS agents. It describes how, while trapped with the agents behind enemy lines, she foraged into enemy occupied villages to find scarce food for the starving men, spied out enemy troop strength, and occasionally obtained shelter from blizzards with terrified but kind citizens. For her heroism, the U.S. government presented her with a Bronze Star. The work includes an extensive bibliography, a map of the area held by insurrectionists, and several photographs offering a glimpse of World War II seldom seen.

Explore the wonders of the nation's largest National Historic Landmark District--Savannah, Georgia--using the special maps included in each chapter. Author Chris Sergi pulls together little-known facts, visual treats, and enticing tidbits of history in this scavenger hunt designed for all ages to enjoy. From underground tunnels used by pirates for treasure transport to mausoleums and stained glass windows, the city abounds with secrets and trivia for all to discover! Each chapter of the book focuses on a different area of the historic city. Starting within the main city, explorers are directed to Leopold's Ice Cream, the Forsyth Park fountain, the Andrew Low House, Troup Square, Massie School, and more. Each location has bonus finds like the lazy lions, gargoyles, and canons! The hunt around Bonaventure Cemetery leads the intrepid into the beautiful grounds overlooking the Wilmington River, where visitors will discover the Gaston Tomb, the statue of Little Gracie, a nautical angel, and the Little Angel Tomb. Along the way to Tybee Island, adventurers will pass Old Fort Jackson before reaching the easternmost point in the state of Georgia and the treasures to be found there. Colorful photographs and easy directions for walking or driving adventures guarantee that everyone will finish each challenge with fond memories and troves of new information.

"Featuring actual pages from The World Almanac for Kids®, this book provides stimulating activities that are easy to implement. Students develop reading comprehension and critical-thinking skills as they read nonfiction information to find the answers to related questions. Activities cover all areas of the curriculum, including science, social studies, language arts, and math as well as art, music, and physical education."--P [4] of cover.
