A Yamaha WaveRunner repair manual, also termed Yamaha Jet-Ski service manual or Yamaha PWC online factory workshop manual, details every aspect of maintenance, troubleshooting and repair. Whether adjusting a throttle cable, making carburetor adjustments or overhauling the engine, a Yamaha repair manual covers it all.

The Chemistry Maths Book is a comprehensive textbook of mathematics for undergraduate students of chemistry. Such students often find themselves unprepared and ill-equipped to deal with the mathematical content of their chemistry courses. Textbooks designed to overcome this problem have so far been too basic for complete undergraduate courses and have been unpopular with students. However, this modern textbook provides a complete and up-to-date course companion suitable for all levels of undergraduate chemistry courses. All the most useful and important topics are covered with numerous examples of applications in chemistry and some in physics. The subject is developed in a logical and consistent way with few assumptions of prior knowledge of mathematics. This text is sure to become a widely adopted text and will be highly recommended for all chemistry courses.

GSX-R600 (1997-2000)

Engine-tuning expert A. Graham Bell steers you through the various modifications that can be made to coax maximum useable power output and mechanical reliability from your two-stroke. Fully revised with the latest information on all areas of engine operation, from air and fuel, through carburation, ignition, cylinders, porting, reed and rotary valves, and exhaust systems to cooling and lubrication, dyno tuning and gearing.

When her cross-dressing psychic's prediction that she would meet her soul mate during an accident comes true, Jamie Peters finds Mr. Right in down-to-earth, honest Jack Davidson, who, unbeknownst to her, has been hired to investigate her for criminal misconduct. Reprint.

Haynes has discovered all the problems that motorcycle owners could possibly encounter when rebuilding or repairing their bikes. Documenting the most common DIY fixes with hundreds of illustrations and step-by-step instructions, this compendium of repair, modification and troubleshooting advice is applicable to all domestic and import marques.

Lazy days . . . steamy nights . . . and sweltering guys with rippling muscles doing what they do best . . . Luscious by Lori Foster Bethany Churchill just quit her lousy job, dumped her lousy boyfriend and moved into a new apartment. She's not looking for love, but her hot new landlord is determined to change her mind. SWAT officer Lucius Ryder--known to the women in the building as "Luscious," much to his chagrin--is one sexy lawman, and before long Bethany is tempted to find out if he's really as delicious as his nickname. . . It's About Time by Erin McCarthy County prosecutor Trish Jones has had it with smooth-talking, under-performing suits. And though she's never had a thing for big, brawny guys, one look at Caleb Vancouver's bulges makes her think she might have been missing out. One Harley ride later they're back at her place, and she realizes that she has been missing out . . . on quite a lot . . . Wish You Were Here by Amy Garvey Photographer Mackenzie Pruitt knows exactly what she wants her future to look like, and this summer that means renovating a dilapidated shed into a studio. But when hunky carpenter Leo Dawson shows up, she'd much rather have his capable hands on her than on a hammer. He's not the kind of guy she always thought she'd fall for, but when he touches her, she can't imagine wanting anyone else . . .

In this sequel to Learn Me Good, Jack Woodson (no longer a green behind the ears teacher) returns to recount another school year's worth of challenges, triumphs, and mishaps with a brand new cast of wild and crazy students. Six years have passed, and this time around, Jack gets a talking monkey sidekick, a beautiful love interest, and a top-secret undercover CIA assignment to Uranus. (Well, ONE of those things is true, anyway). There are witty quotes, riotous stories, and more twists and turns than M. Night Shyamalan's small intestine. Through email correspondence with Fred Bommerston, Jack talks about PTA fundraisers gone awry, unnatural food chains, and how any action can be made acceptable as long as "it's for science." With subject lines such as "Diarrhea of a Wimpy Kid," "Green Eggs and Math," and "Houston, we have a word problem," it's perfect for reading in small chunks or one long session.
